OBJECTS —  
SCATTERED  
LIKE THOUGHTS  
ON A WINDY  
DAY YET ALL  
CONNECTED.

## Summer —

A time of fun and laughter —

A time of talking —

A time of listening —

A time of splashing in water:  
in the cool waters of the pool or  
even in the murky waters of the  
flood —

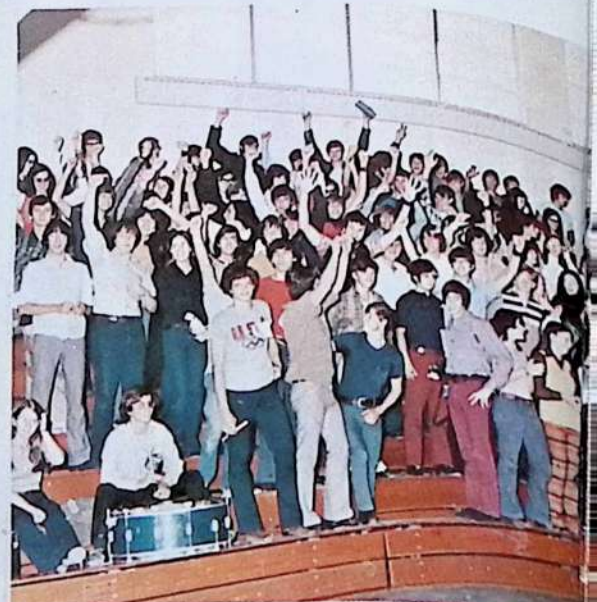

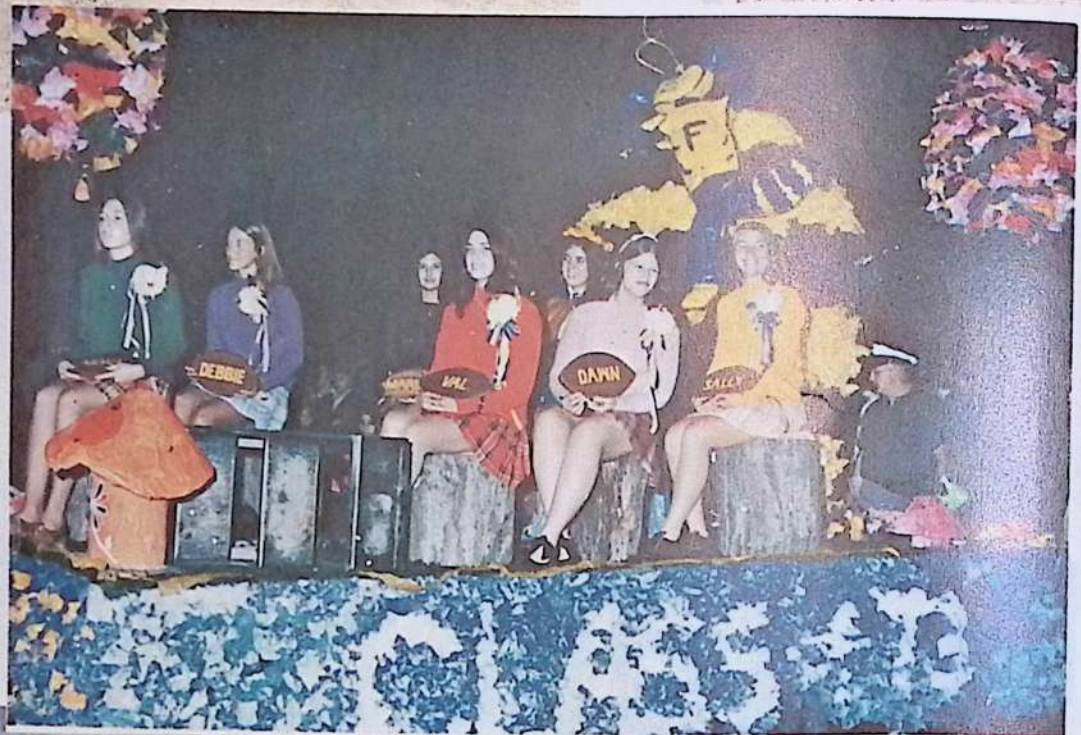

A time of mowing grass and  
other assorted chores and even  
time for just plain loafing.

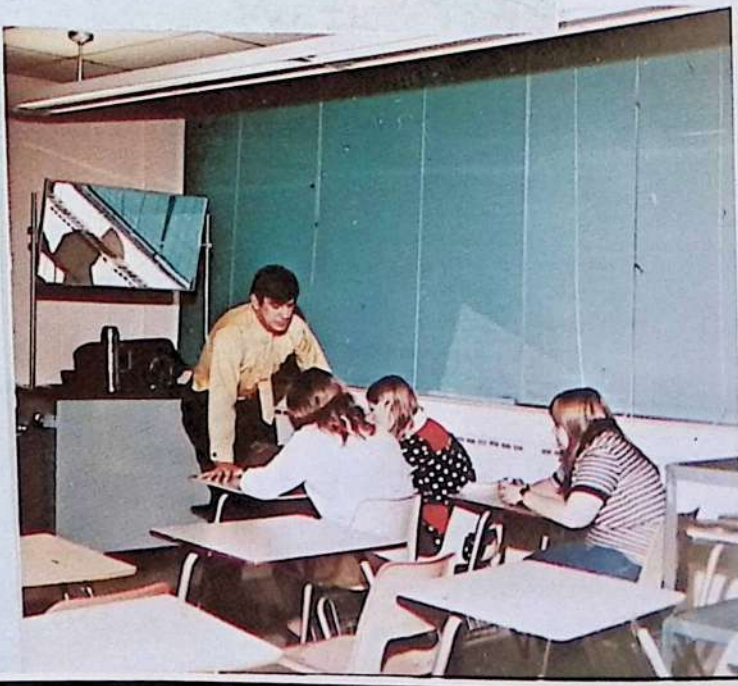

You,  
Me,  
and  
Us.

The composition  
of the human population  
of our planet, Earth.  
Three different words,  
three different meanings,  
three different people.

You —  
the other guy,  
an individual,  
a loner  
striving to assert  
and prove  
just who you are —  
a tiny whisper  
tossed about in a roar  
unheard.  
Just one single person —  
alone.

Us —  
You  
and  
Me  
together  
A powerful combination  
all combining  
our strengths  
to take our position.  
More powerful  
than the two isolated islands  
a duet of voices  
Heard  
and  
Listened to  
A simple addition problem,  
you + me = Us  
A unity of different people  
together  
No longer divided  
but united.

Me —  
me  
myself  
I

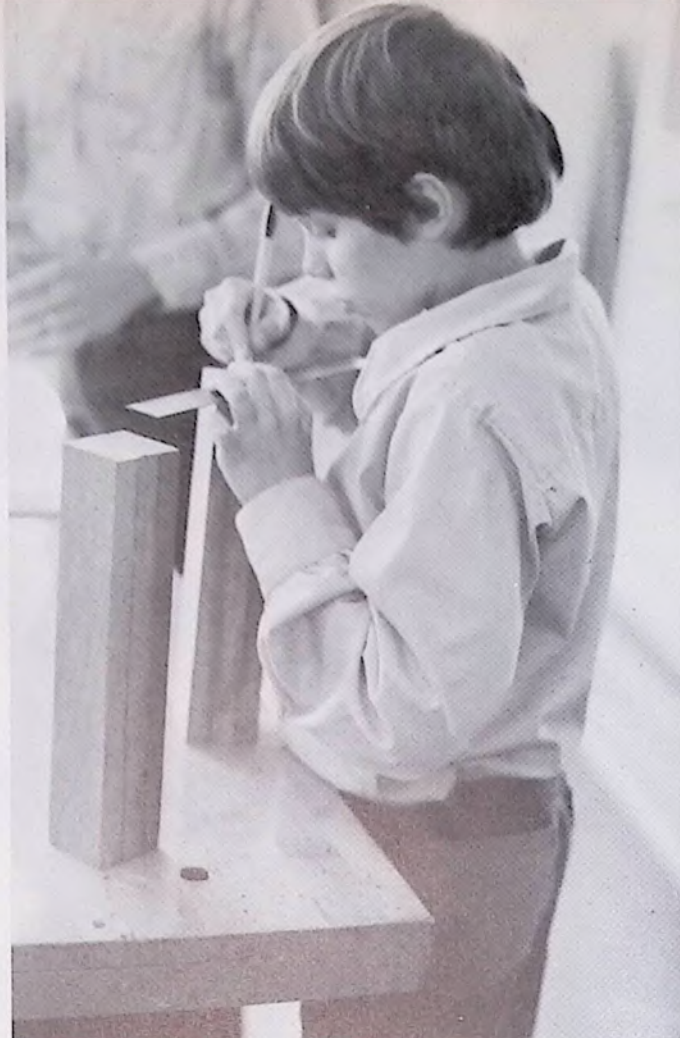

All reveal the same person  
Me  
Only one face in a never ending  
river of faces  
Unknown  
Struggling to survive  
in a strange world  
Only one person  
competing against the masses  
Just one single person  
Alone.

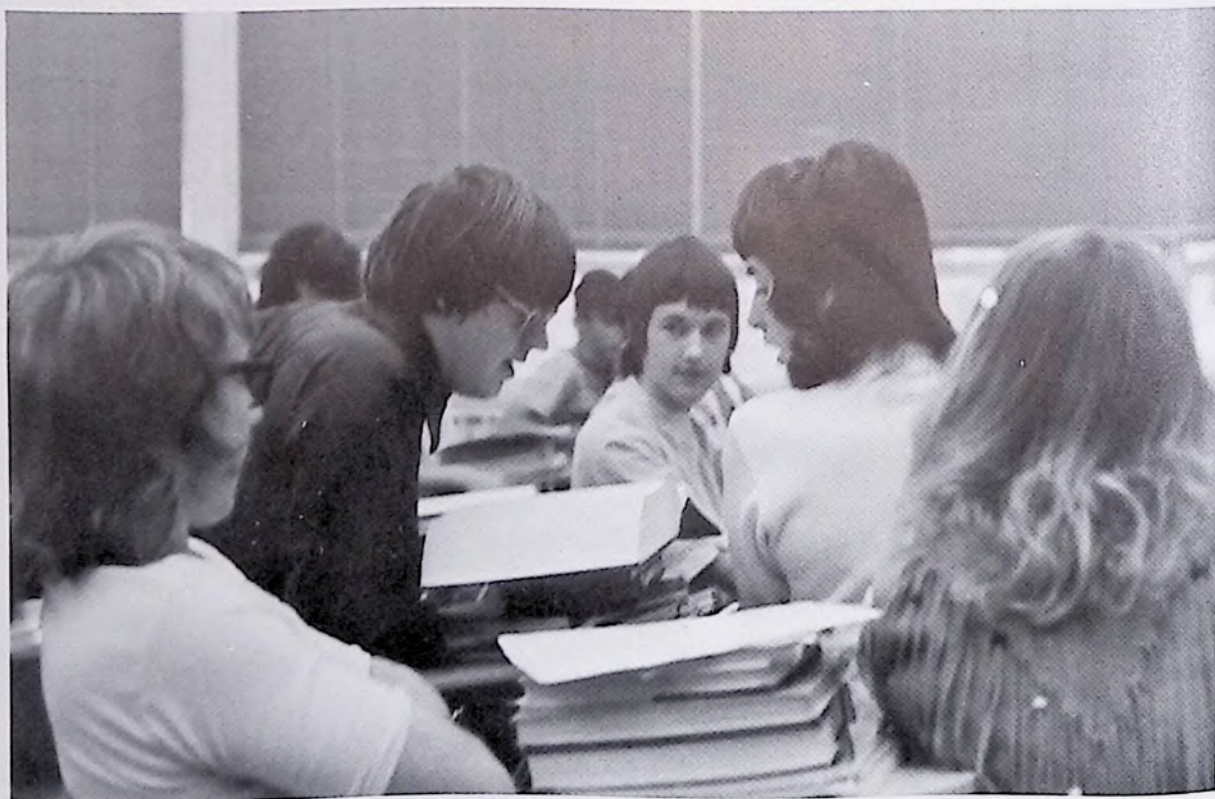

## SKILLS FOR FUN AND PROFIT.

"The Magic Blackboard" strikes again!

"Hey Noah, what's a cubit?"

"The cyanide ion,  $\text{CN}^-$ , resembles chloride ion in that both give insoluble silver salts,  $\text{AgCN}$  ( $K_{s.p} = 1.6 \times 10^{-14}$ ) and  $\text{AgCl}$  ( $K_{s.p} = 1.7 \times 10^{-10}$ ).

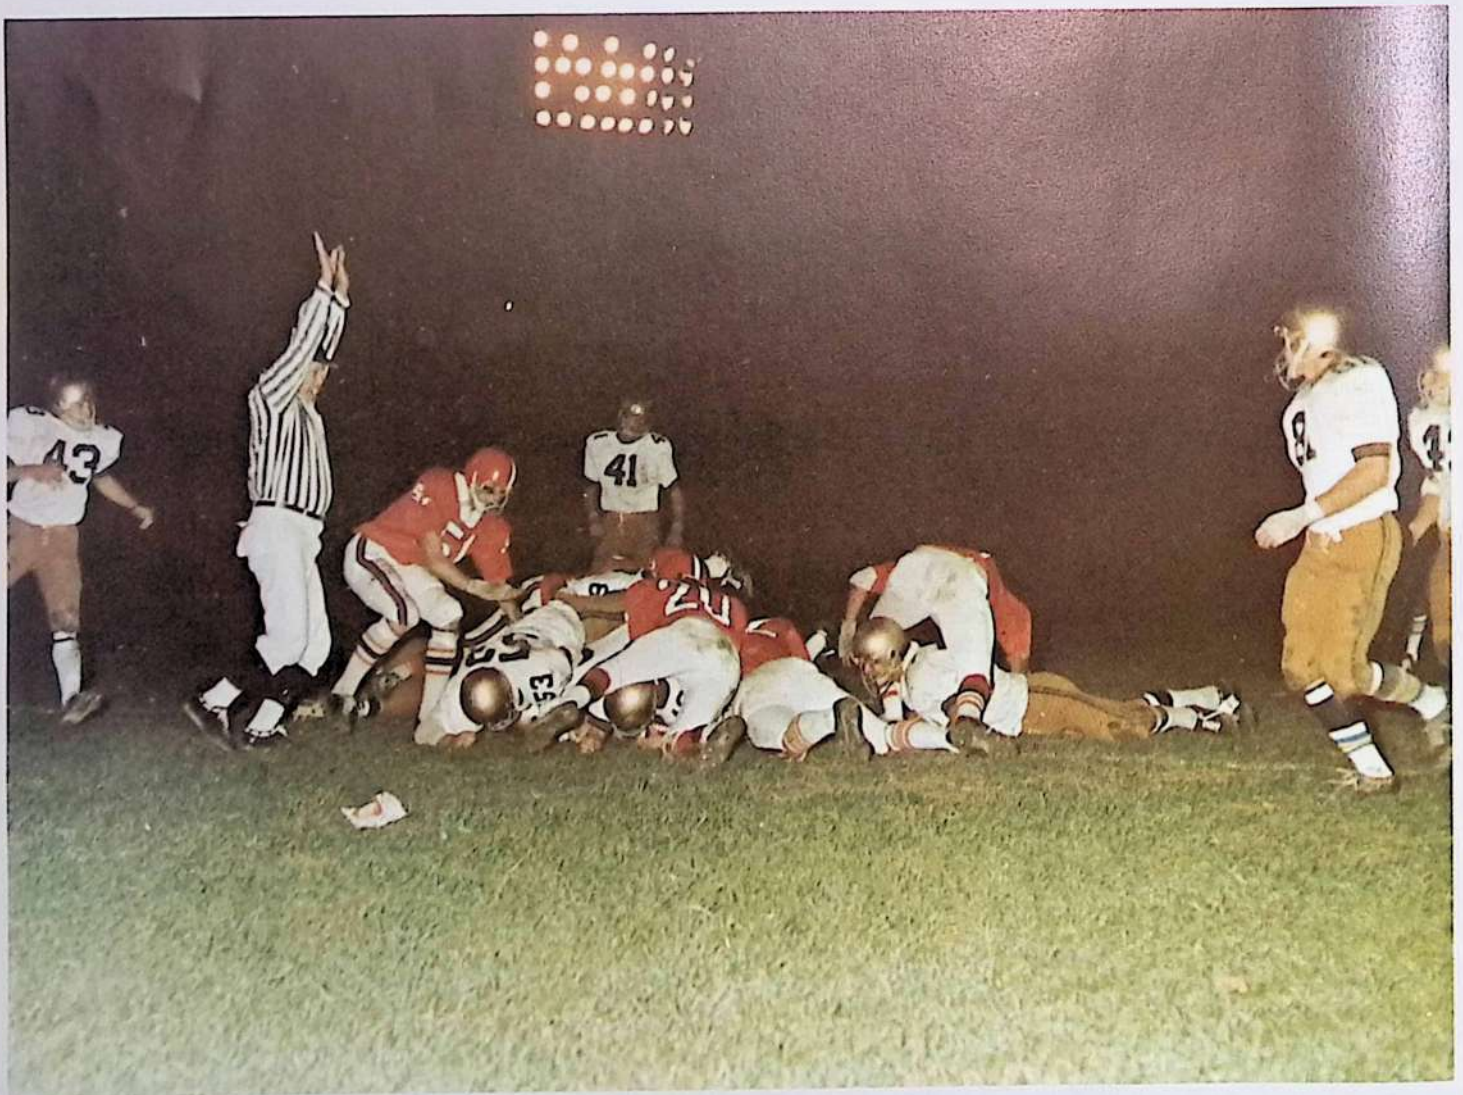

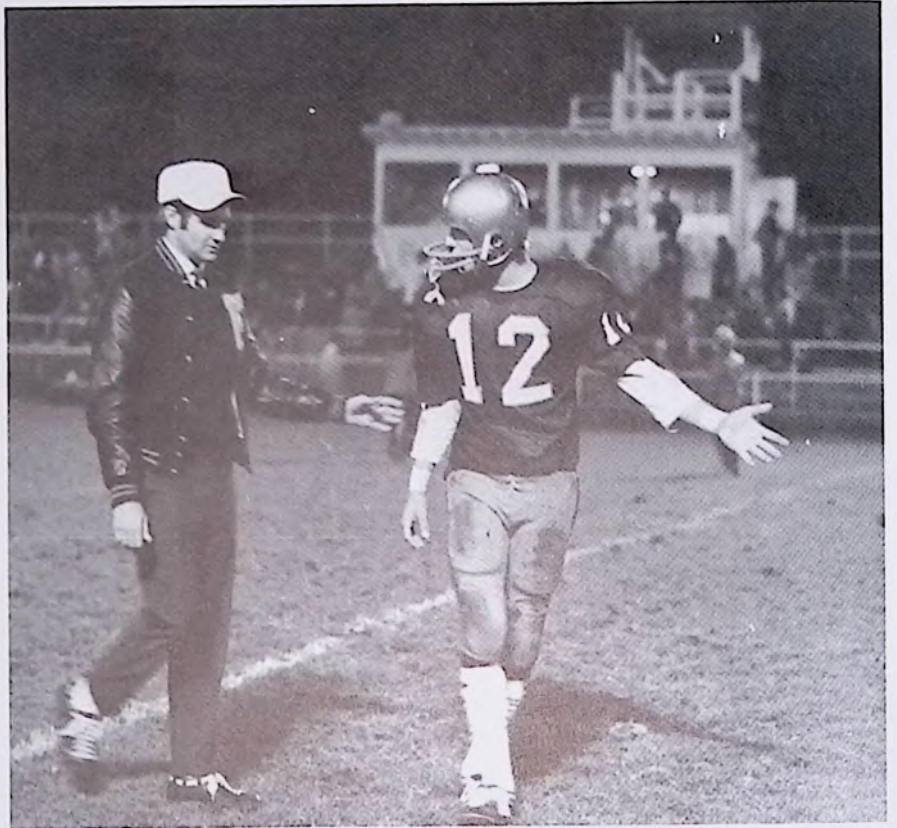

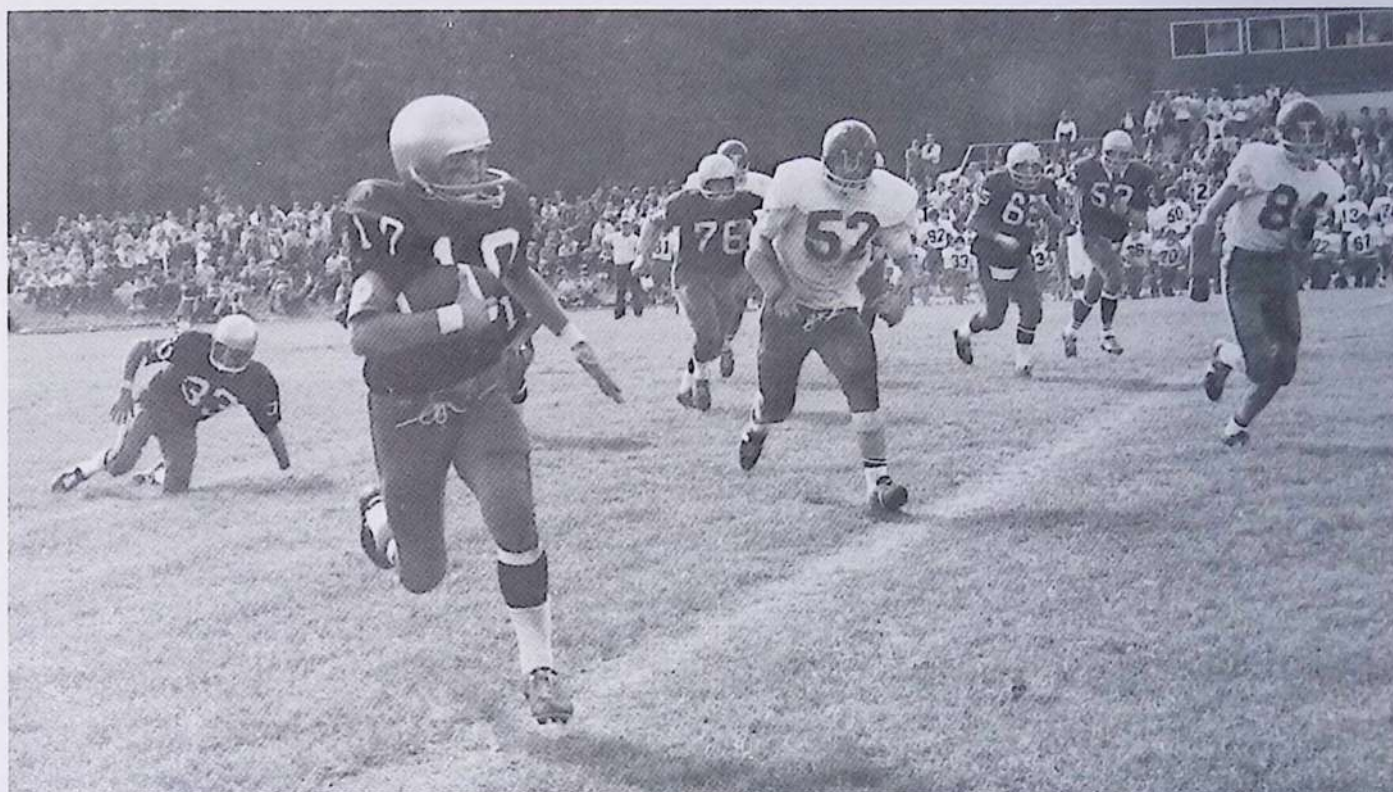

Dear John,  
I hate to tell  
you this but . . .

For the fan, ten weeks of "C'mon, boys, you can do it!" But, for the player, three months of toil and labor, for the greater glory and honor of dear old Freeport High, the Blue and Gold, By the Allegheny flowing, "Mom, apple pie," and self improvement.

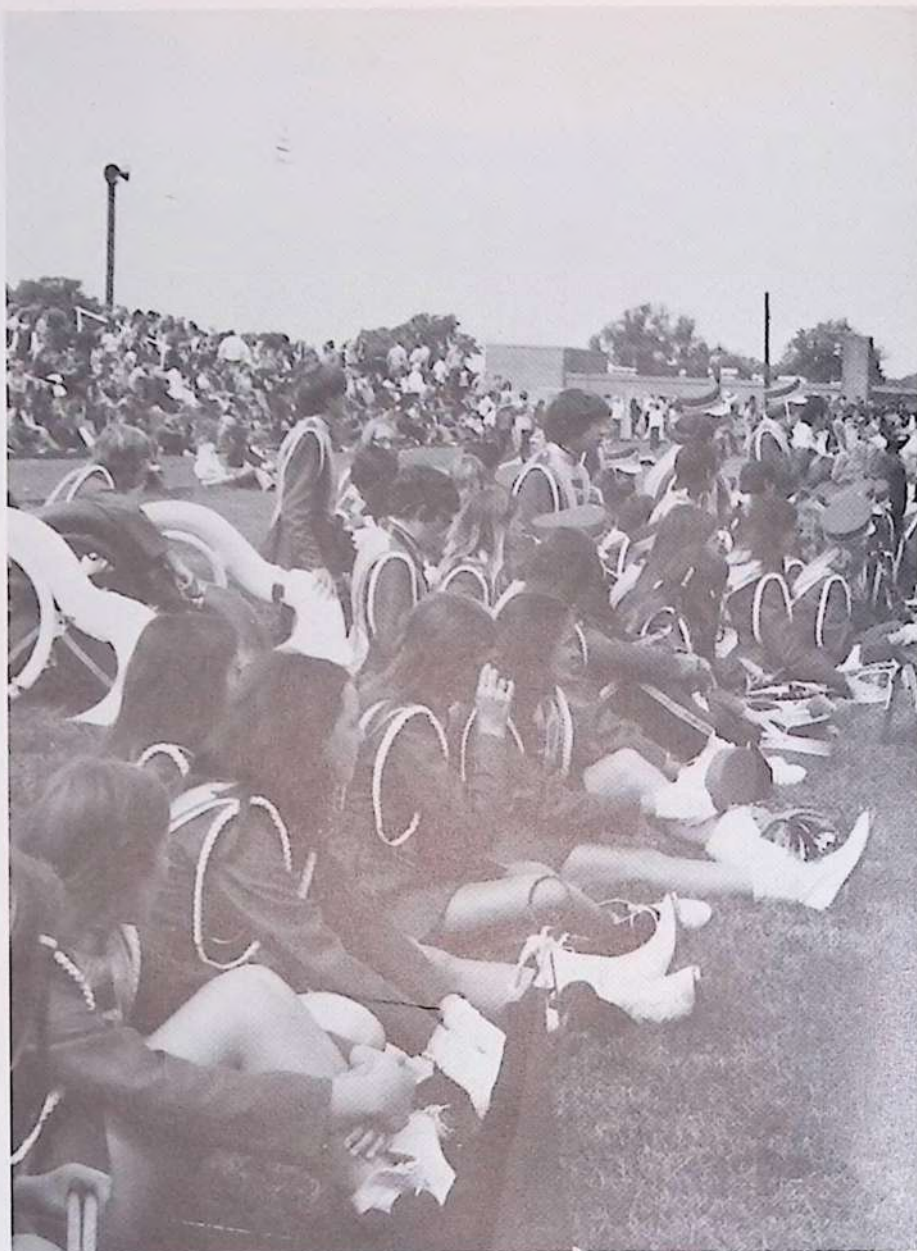

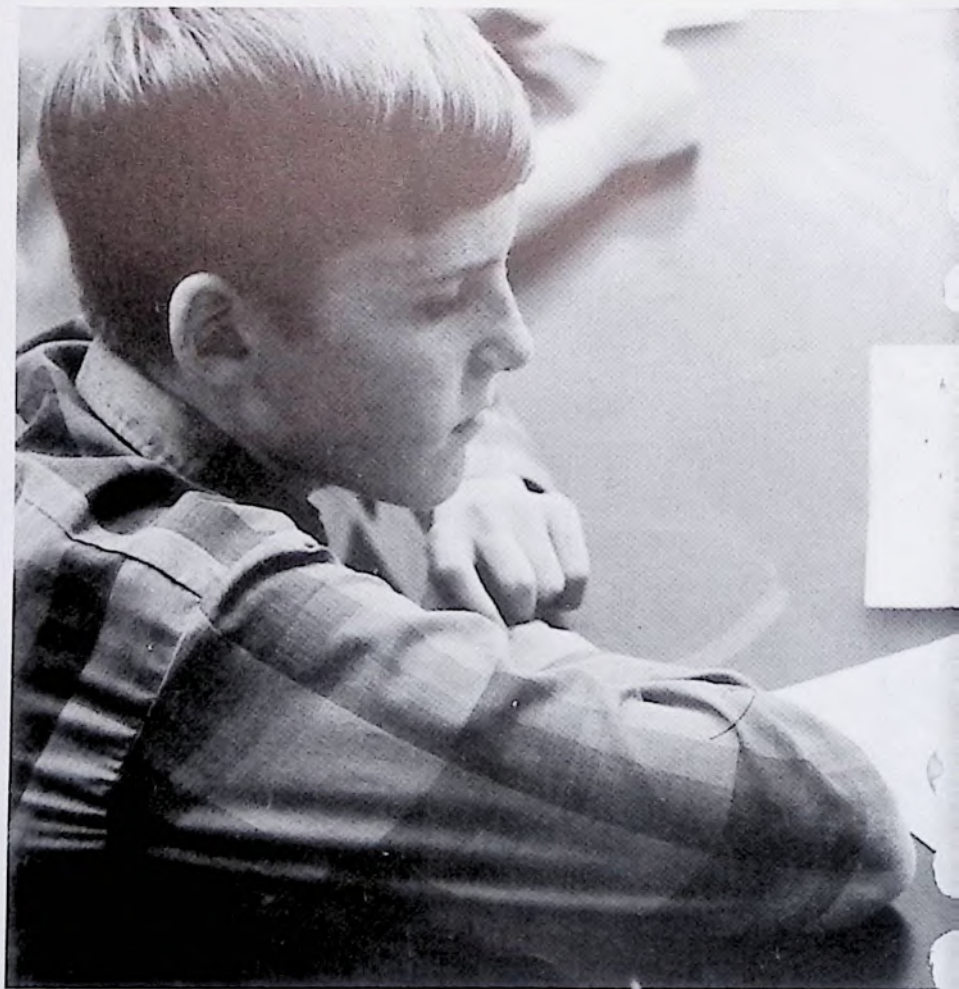

Being a member of the Freeport Marching Band, Majorettes and Colorguard means hours of practice, (standing around) watching other bands perform, marching through the mud, moving into fours to let the Driver's Ed car pass, searching for lost instruments, Joshua at 140, watching your instrument fall to ultimate destruction off the bleachers, avoiding drum-stick shrapnel, popping Pringle cans on the bus behind Mel's back and looking innocently toward the front when he turns the lights on. Blowing your horn, beating your drum, eating your mittens?

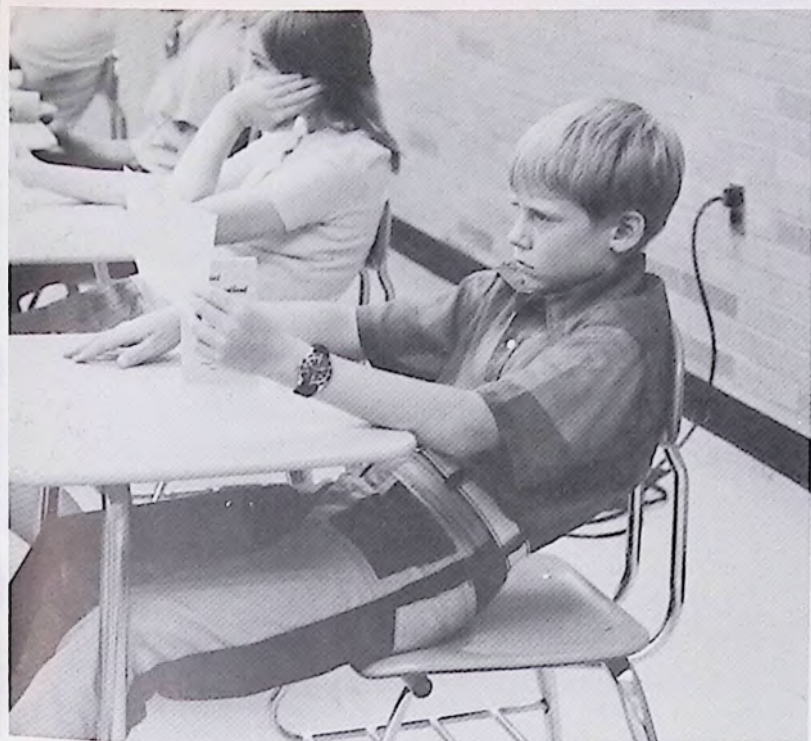

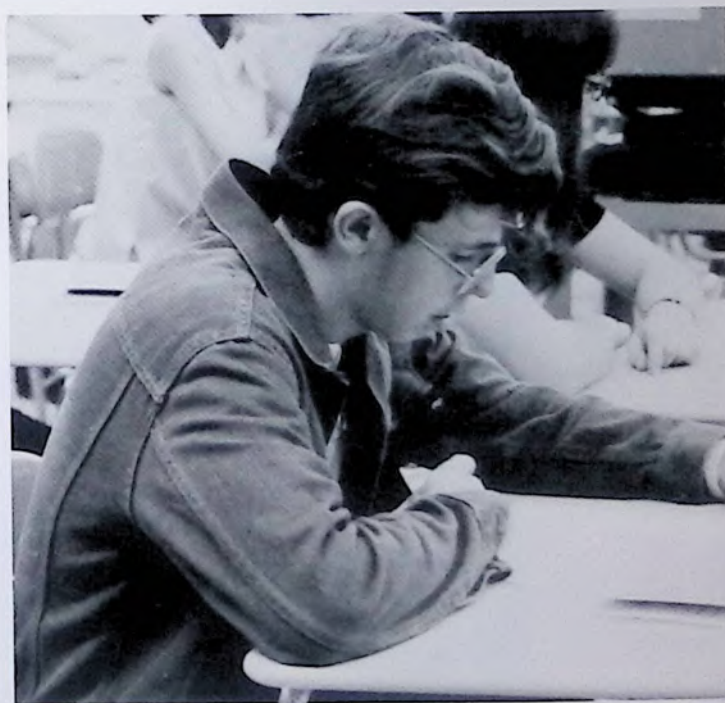

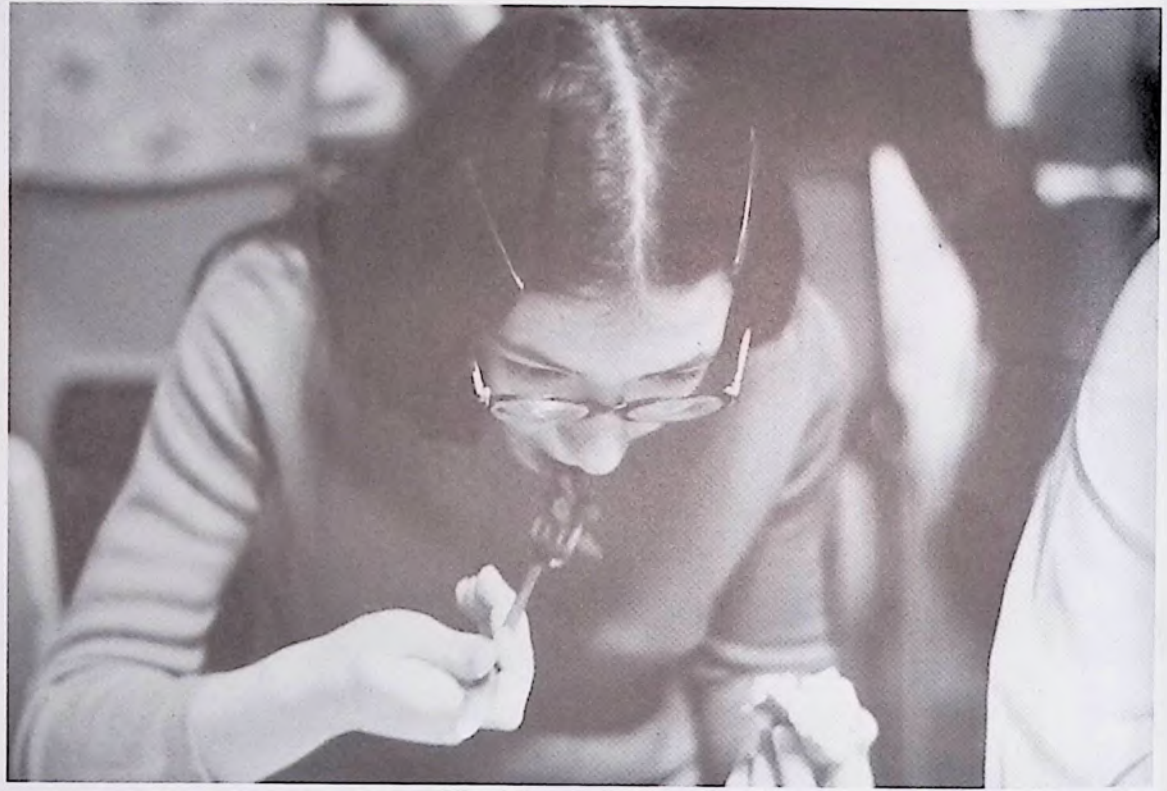

It is of the utmost importance that young Americans conserve their natural resources. Extremely important! The first step to conservation is to abolish the production of paper, which consequently means no more exam papers, term papers, books and report cards.

TOGETHER —

We laugh and we cry,  
We experience life,  
We endure life; we exist.

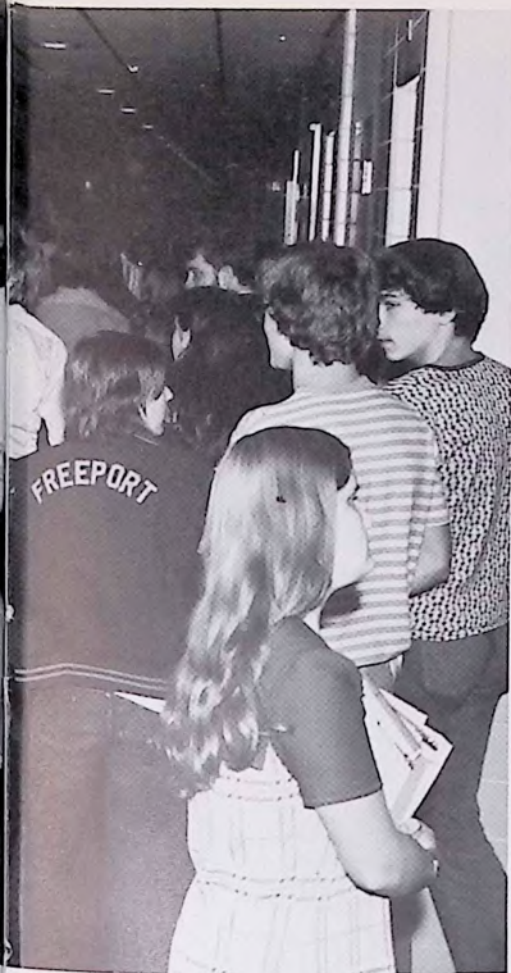

"Halls should be kept very much like that which is approved on busy streets. Keep to the right and avoid jostling, pushing, running, shouting and walking hand in hand, or arm in arm."

"Teachers will judge the propriety of conduct. Please accept suggestions from them courteously."

Student Handbook

While we have had football at Freeport as long as anyone can remember, girl's basketball made its debut this year. Many people made it to the girls' games, as they did for football.

Regardless of the weather, cheerleaders psyched the fans and comforted the unfortunate (?) boys with injuries.

Students find themselves involved in many different activities during high school . . .

From crawling out of bed at 6 a.m. to take a jostling bus ride to school . . .

To messing up the half hour's work you did on your face only 3 hours ago in 5 minutes of gym class.

Majorettes devote themselves to marching and representing their school (or is it keeping warm) at football games.

A lot of guys stay after school for football practice — and many girls stay to watch.

The park offers recreation for almost everyone throughout the year. Some students can't stand the pressure and *this* is the result.

Our candidates — once they are chosen, each has her own private set of nerves. Worrying what to wear . . . who to choose for an escort. But most of all wondering who will win. . . when the fateful night arrives all questions are answered and fears end, and, even though the float can't make it through the mud, the choice is clear. Dawn receives the honor she deserves.

# HOMECOMING QUEEN '72

Only one girl is chosen from a group of senior candidates to reign as our football queen. The queen has to be the best of our school. She has to be dedicated to Freeport, be self-sacrificing, friendly and hard working. She also must be smart, cute and witty. She's totally involved in life and enjoys every busy moment. Dawn possesses all of these qualities and more. She truly deserves to reign as queen for a year.

## DAWN

Today we're measuring intelligence.

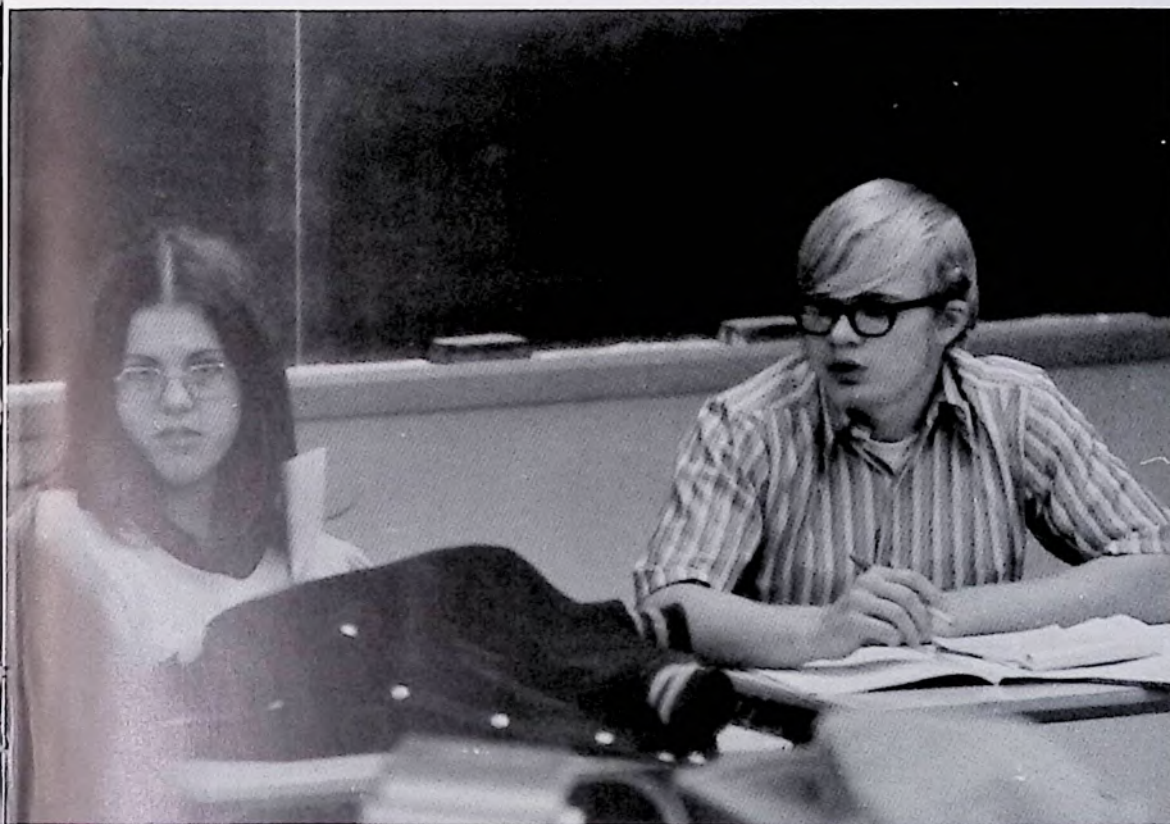

Is John happy 'cause he's wearing his Haynes?

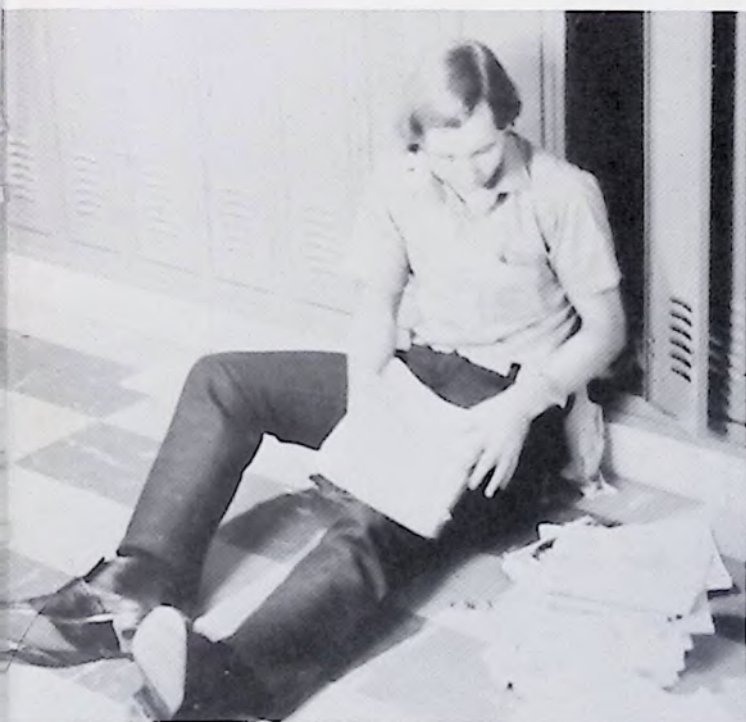

Creative in the art of gossip.

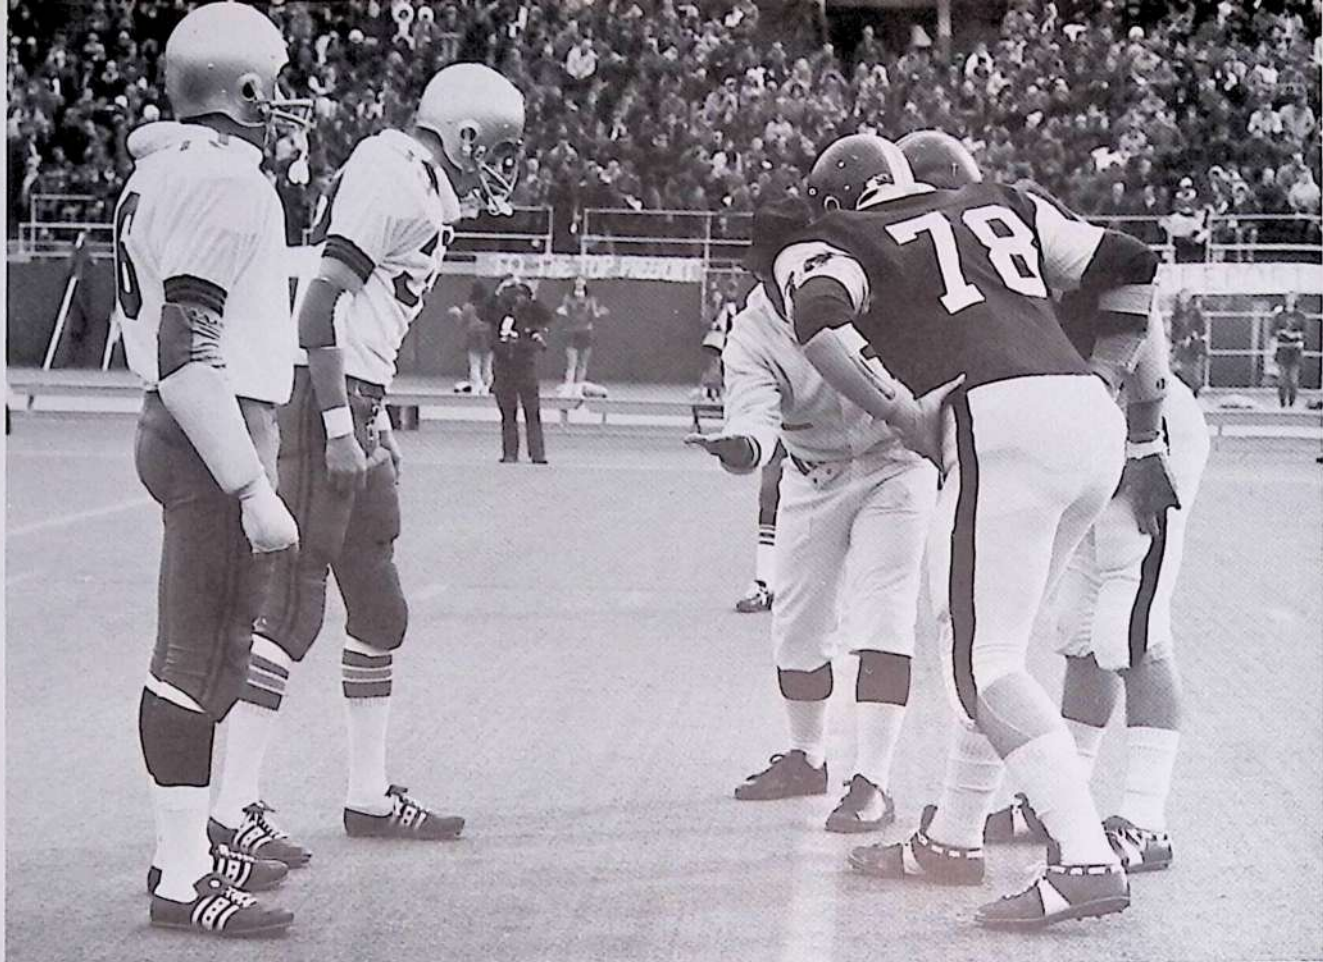

What the heck is he saying??

I lost something important — my ticket to the Coal Bowl.

### **FREEPORT vs. WASHINGTON**

On November 17, 1972, at Norwin High School, the charges of Don Early from Freeport met the Little Presidents of Washington in the second round of playoff competition for the W.P.I.A.L. Class A championship. This was Freeport's first playoff game, having drawn a by in the initial round. Washington's strength came from their unusual single wing offensive formation, where Freeport's came from execution and a defense that wouldn't stop.

From the first, Frank Ballina was the offensive spark. The defense proved their worth, holding the usually explosive Washington offense scoreless throughout the game. The only sustained drive came in the third quarter, but the squad held and Freeport, under the quarterbacking of Dan Leri, went on to win by a lopsided score of 19-0.

**IT'S ON TO PITT STADIUM!**

### FREEPORT vs. BEAVER

Each year the gridiron battles of the regular season culminate in the W.P.I.A.L. championship game. This year the combatants were Freeport and Beaver, two teams with perfect 10-0 records. The day of the tilt was November 30, 1972, at Pitt Stadium.

Beaver had first possession of the ball, but their drive sputtered and they were forced to punt. Freeport then drove steadily down the field, and a pass to wide receiver, Frank Trefelner, gave us what we thought was a touchdown, but it was called back because of a holding penalty. Freeport then punted and Beaver scored from the one yard line, some plays later. The conversion failed and the only other scoring of the half came when Leri connected on a pass to Dan Keener for six. Bill Johnson split the up-rights and Freeport went to the shower rooms with a 7-6 halftime lead.

The second half found Beaver going ahead 12-7, only to have Keener again score on a touchdown pass, making the score 14-12 after Johnson's boot for the extra point. Beaver again came back and took a 20-14 lead late in the game. The game ended with that tally on the board and Freeport came home, defeated victims of a few bad breaks.

# MAJORETTES

1-2-3-4-5-6-7-8 *Arms Straight!* 2-2-3-4-5-6-7-8 *Keep together! Think!* 3-2-3-4-5-6-7-8 *Keep your line straight! Guide right!* 4-2-3-4-5-6-7-8 *Try it again!* The majorettes spend long tiring hours every week practicing during football season for the upcoming games. They achieve satisfaction from doing their routines to the best of their ability. Forgotten twirls, dropped batons, crooked lines, crooked arms, being out of step; all are common fears. The majorettes are out there to entertain the audience, you.

Gradually Freeport's Color guard has been expanding. Presently there are six gunners, three flag bearers and the head of the color guard who carries a saber. These girls practice long and hard hours, practicing to produce cute gun routines and they also learn how to display our country's, our state's and our school's flags proudly.

Fellow Students,

Editing the 1973 *Freeportian* has meant many things to me: planning, worrying, being disgusted, laughing, crying, happiness and enjoyment. This book was printed for you to serve as a reminder of the good and bad times of the past year.

It was through the efforts of many that the yearbook was completed. It is these people I would like to thank, the staff, Mr. Williamson, Mr. France, the FHS faculty, Strem Studios, Mr. Frank Gustine, Taylor Publishing representative, for their time and cooperation.

Mr. Pavlik has meant so many things to the completion of the *Freeportian*; encouragement, fun, listening, believing, criticizing, and dedication. Because of the special person he is, words can't say the thank you I wish to express.

Sincerely,  
Dawn Macurdy  
Editor-in-Chief

The student government at Freeport is more than just an organization that represents and leads the student body. The members participate actively in important decisions concerning the student body. The big project was the Candy Sales. This gave Stuco the money for the many activities it sponsors and subsidizes. Generally, Stuco works for the desires and needs of the students.

## ALONE —

I am my own master,  
but I soon long  
for the companionship  
of others.

#### BEING A FRESHMAN MEANS:

thinking how great it's gonna be to get away from the "children" in the Jr. High.  
 wondering how badly the upperclassmen will treat you.  
 before the first day, thinking "This won't be so bad. After all, there is only one floor."  
 going to all the Jr. High games and screaming your head off even though the only  
 people there are other Freshmen who are also screaming their heads off.  
 thinking it's great 'cause the most beautiful girl in the whole class has the  
 locker next to you and you figure you'll make your move.  
 finding out fifty-four upperclassmen had the same idea.

finding that the neat Junior football  
 player is going to the dance with  
 your *now* ex-best friend.  
 thinking maybe it's time for Mr.  
 Palermo to take a long vacation.  
 discovering Mrs. Ritchie is really Sylvia  
 Barrett.  
 wondering all year where the darkroom,  
 planetarium, and student activity  
 room are.  
 making the big move from St. Mary's  
 and finding out the classes are just  
 as boring as before, only now you  
 have a gym.

#### A SOPHOMORE MEANS:

doing Balogna's homework in gym class.

Mr. Palermo getting lost in the halls, coming into chemistry for directions, and spending half the period cutting up Solla.

getting a secret out of Ross, swearin' with your life you would tell no one, then letting every one you see in on it.

Bettermann breaking six dollars worth of equipment the first day of lab.

cornering Moe's house with a bag of popcorn and tomatoes.

suffering through 180 days of Mr. Sasala's jokes.

suffering through 180 days of "Guten Tag, Duetschklass"\* \*How's tricks?

suffering through 180 days of that stupid bus ride out here but 180 great bus rides back into Freeport.

Salata laughing her way through another fun-filled German class.  
 wondering, does Gary love Elinor? does Elinor love Gary? does anyone care?  
 taking a ride before school starts, whenever Boze drives.  
 having a Willie Wonka Super Scrunch and a Mountain Dew after school.  
 signing up for all the clubs you can, then only going to two of them.  
 wondering what great new fun thing Mrs. Matuszewski has planned for today.  
 ordering books from a freshman book club because they really look more interesting than they are.  
 having the **BIGGEST MOUTHS** in the entire school.

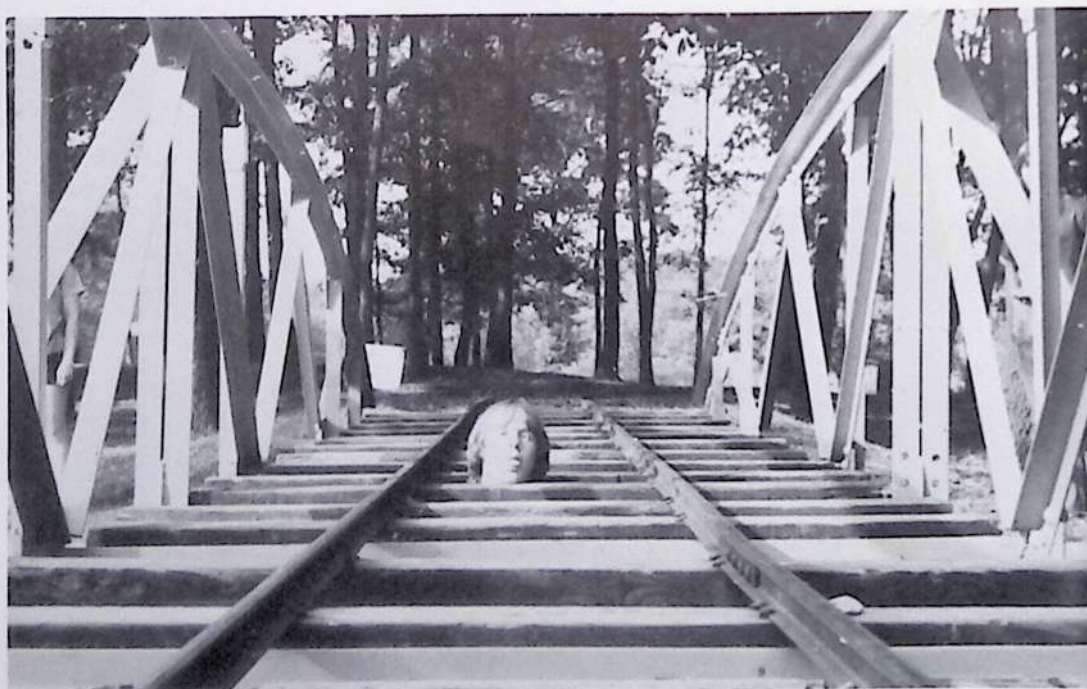

## BEING A JUNIOR MEANS:

having the supreme pleasure of using the "magic blackboard."

driving to school the day after you get your license, and hitting Mr. Williamson's car.

yelling for Fred at the pep-rally.

letting Mr. Tessitore think you're coming in free to sell refreshments . . .

. . . great experiences on Toot's bus  
in the morning.

being invited to three parties every  
Saturday night.

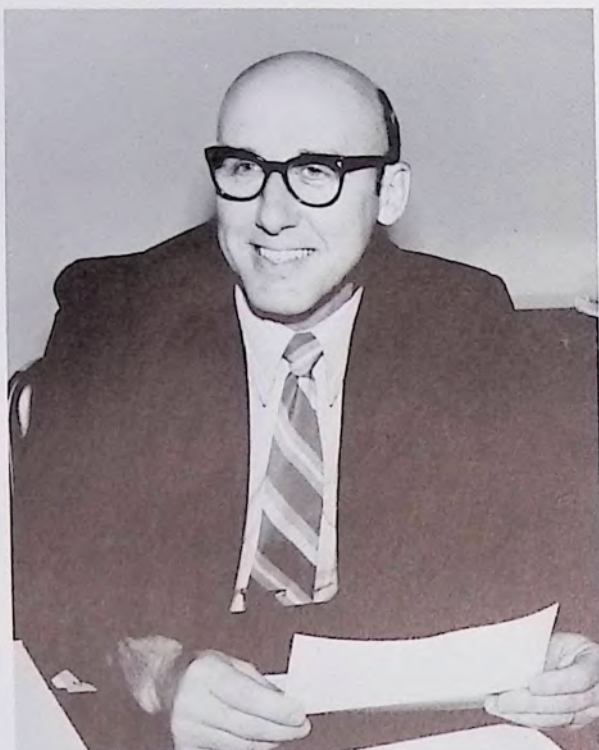

arguing about how old Mitchell was  
when the gremlins cut his tongue out.  
listening to the battle of the singing  
buses.

the junior class play when, Cindy  
jumped up and tried to kiss Jim, and  
Nathan didn't know the proper way to  
sit.

waiting for Mohny to go past room 11  
after lunch.

taking a trip through the wonderful  
world of commas in English . . .

## MATH AND SCIENCE DEPARTMENTS

36-24-36. What does that mean to you? To a math major that means the Arabic numeral 36 "minus" 24 "minus" 36. To a science major that means someone made a mistake in their calculations for a M-N-O orbital shells. To a guy whose mind is in the gutter, it has a different meaning. With our math and science programs, are we developing a new generation of Jekylls and Hydes?

## SOCIAL STUDIES DEPARTMENT

*"To be able to live with others in peace, we must gain understanding of their ways of living."*

Social studies are required every year. Why? It is of the utmost importance that an American citizen learn the history of his nation and also of the world. The teachers and materials necessary to teach this history are supplied in school. The only requirement needed is for the student to assimilate this knowledge and apply it to future situations.

## LANGUAGE DEPARTMENT

Our language department plays a vital role in the overall development of Freeport's students. We are fortunate enough to have some of the finest linguists in the area. Where else can one learn to say "I saw your chair in town yesterday" in French, "I'm really impressed by the color of your teeth" in Russian, or "That wall really has a nice figure" in German?

## ENGLISH DEPARTMENT

A way of expressing my thoughts . . . my emotions . . . my dreams . . . my hopes . . . my fears. A form of communication with my fellow Americans. The way I learn the thoughts, emotions, dreams, hopes, and fears of others. The language I will use for the duration of my life, without it I would be similar to an isolated human being in a sea of people: a hermit. I must learn to use my language properly for without that knowledge, where would I be today and where will I be tomorrow?

Miss Martha Dougherty

Mr. Ralph Amy

## P.E. AND HEALTH

Despite the vast number of crutches crowding the halls, the remainder of the able bodied students enjoy playing field hockey, football, basketball, volleyball, and participating in other activities during the year in gym class. Simultaneously, Juniors spend nine months being indoctrinated with the principles of good health habits.

## BUSINESS

*"A-S-D-F, home keys lefthand, J-K-L-; home keys righthand. Debit, Credit, Balance, Debit, Credit, Balance, Debit, Credit, Balance . . ."*

After weeks of determination beginning to learn these new skills and more weeks of practice developing these skills to their highest potential, we acquire the knowledge necessary to become the future businessmen and secretaries of the world.

A time of growing up — walking hand-in-hand down the hall, learning to dance, shop, home ec., many things. It is also a time to form your strongest, friendships, meet new people, make yourself known. A time to prepare for those long four years in Sr. High. But, oh, how fast the time goes.

"Hey, Mom . . . It's me — John . . . What do you mean John who?"

Hey, you got the new Captain America?

Next week we'll try an encyclopedia.

Yea, and John — you know, the one who had my cookies — went to the hospital and . . .

## LENAPE

I am not academically inclined nor interested  
Four years of college is strictly not my bag  
I want to enter the hustle and bustle of the working world right after graduation  
Vocational skills are what interest me  
After all two years is a long time to waste  
At Lenape I'm getting the training I need to work without any personal expense  
From school I'm prepared to enter the profession  
of my choice.

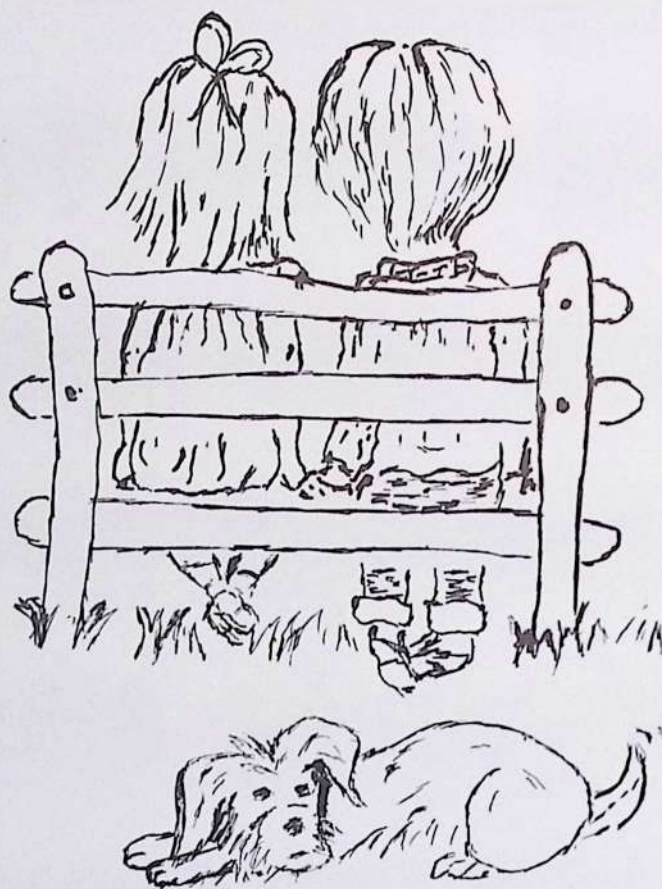

Call the Nobel Committee quick!

I always wondered how I'd be at modern art.

To the student body:

Freeport High School has gained quite a reputation associated with success through the efforts of individuals and organizations. The success we share can be attributed not only to personal determination and sacrifice but also to the spirit of accomplishment familiar to students at F.H.S.

Reality dictates that Freeport can not be successful in every endeavor. Possibly our greatest quality is the acceptance of failure with an optimistic outlook toward the future. It is always wise for people to build future achievements on the mistakes of the past.

We, the Seniors Class of 1973, have done our best to live up to traditions of Freeport High and to give inspiration to future graduating classes.

Sincerely,

*John Piecka*

President of Class of 1973

## SENIOR CLASS OFFICERS

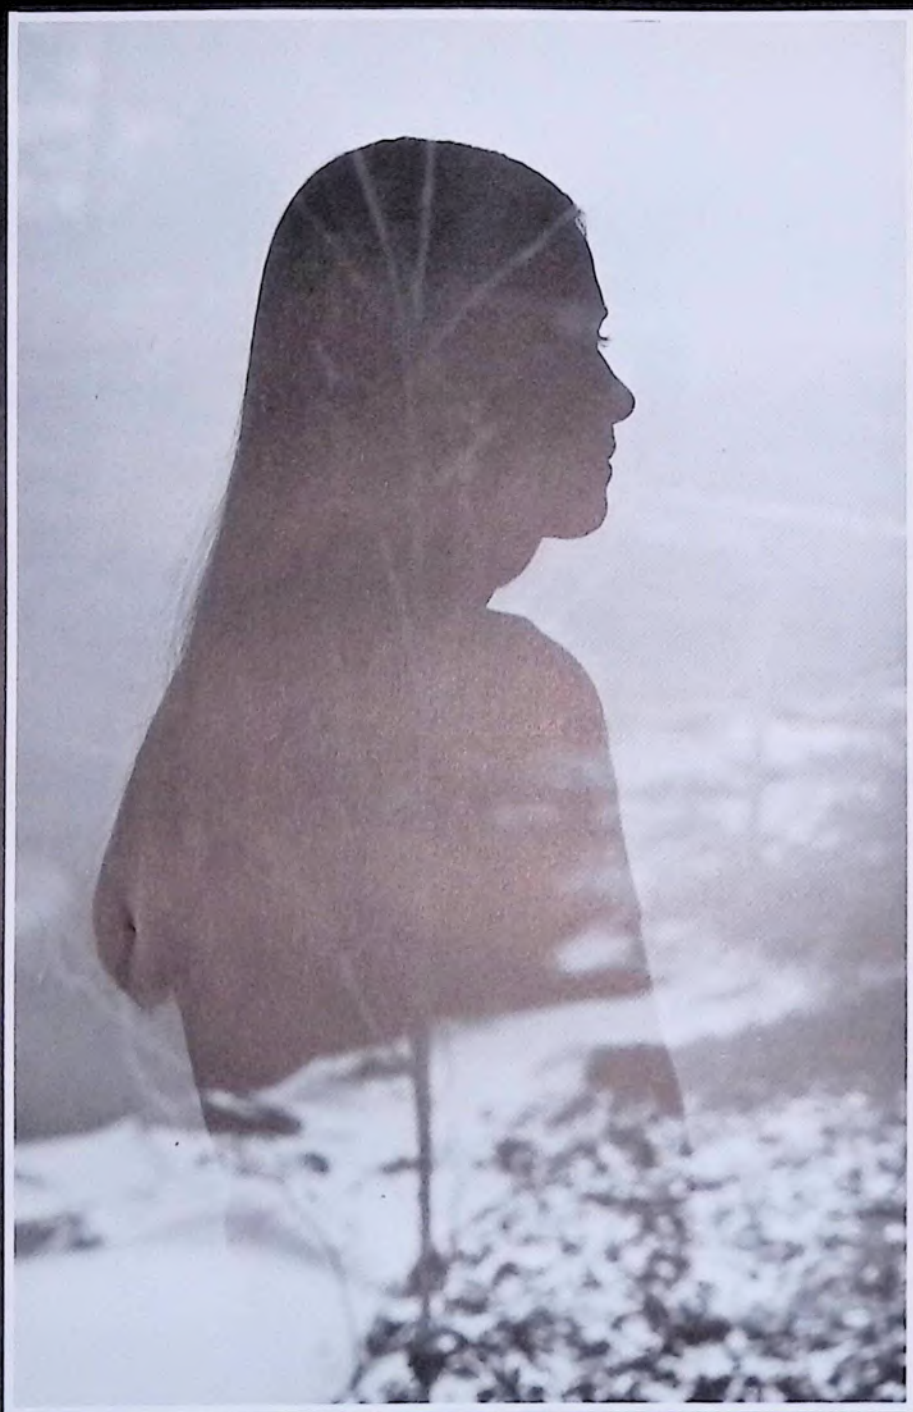

Walking, winning, waking up;  
helping, hoping, hamming it up.

Even if this was the very last time i saw you,  
or talked with you,  
or hugged you,  
i would never regret having known you.  
you have shown me love and hope  
when i thought there was none.  
you have shown me the sun  
when i thought it was hiding between the clouds.  
you have shown me a friendship i have never known before.  
knowing you has made me a stronger person . . .  
a more beautiful person.  
we've laughed together,  
cried together.  
we've had our ups and downs,  
our broken hearts,  
our bad times and good times.  
we've also been separated for days uncounted.  
but, the most important thing to remember is  
at one time or another,  
we were,  
and still are,  
happy together.  
that's what this crazy world is all about.  
being happy is part of it;

but being happy TOGETHER is the ultimate goal —  
the highest encounter one could ever hope to achieve.  
and now, after wishing you all the luck  
and good health in the world,  
and all the sweet things too,  
i want to say  
no matter where you go  
or what you do  
i'll always remember you  
as i hope you will remember me . . .  
and if there were another way,  
at this crucial moment in our lives,

believe me, i would seek it,  
if there were another alternative  
to the abrupt ending of human beings  
being close to one another,  
please believe me,  
i would accept it,  
if only there were another way to say  
goodbye . . .
