1986 Freeportian

The light of friendship is like  
the light of phosphorus, seen  
when all around is dark.

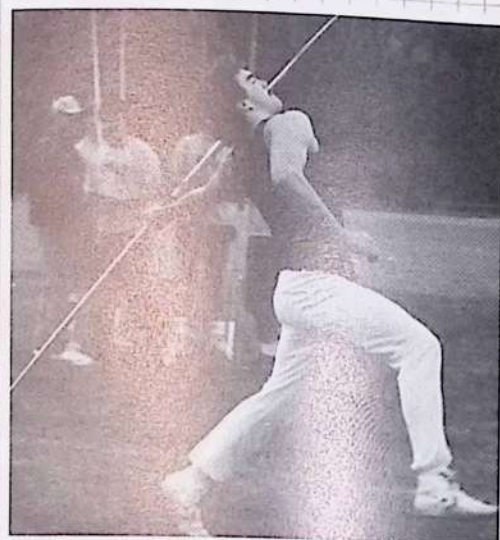

Happiness is not a station  
you arrive at, but a manner  
of traveling.

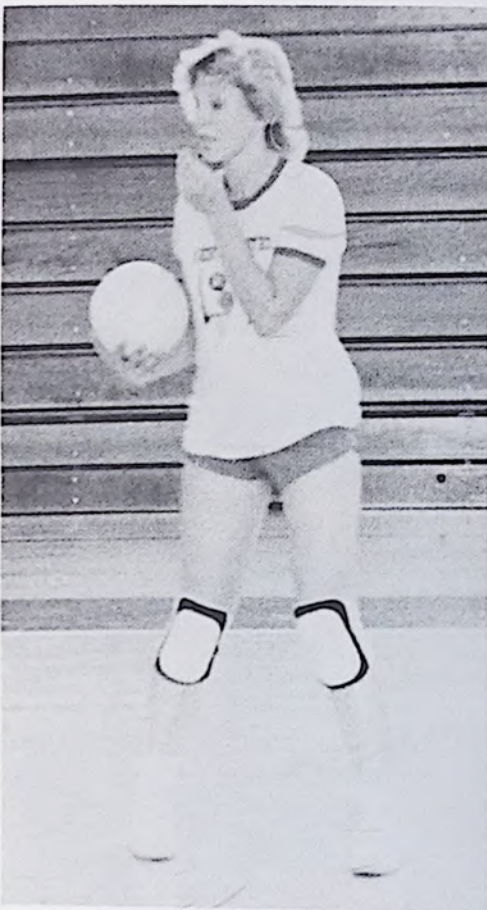

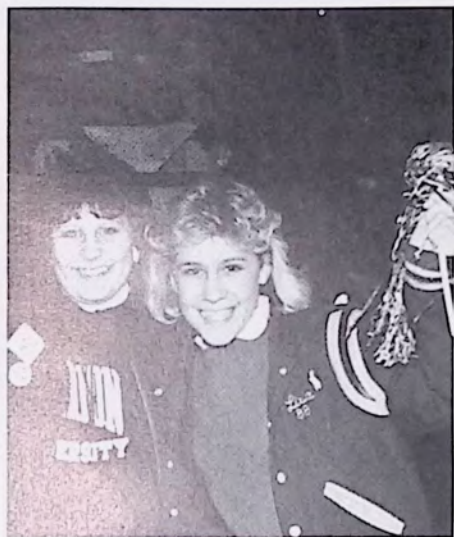

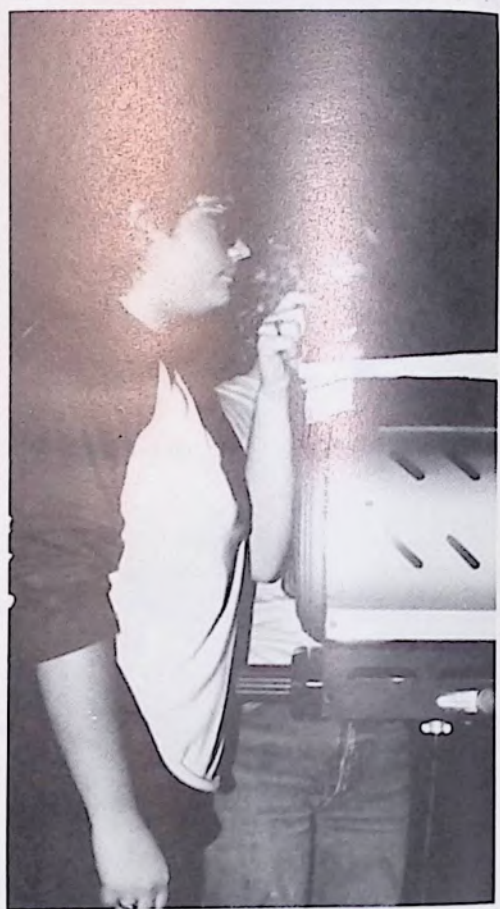

A friend is a person with whom you dare to be yourself.

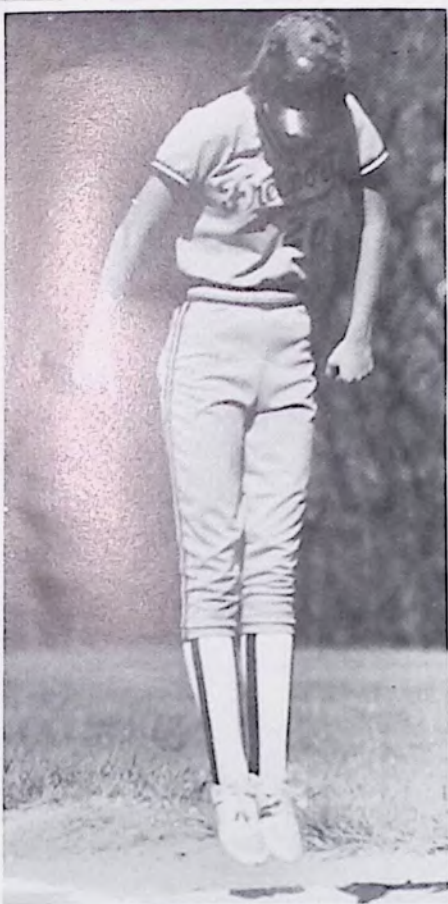

Nothing in life is to be feared. It is only to be understood.

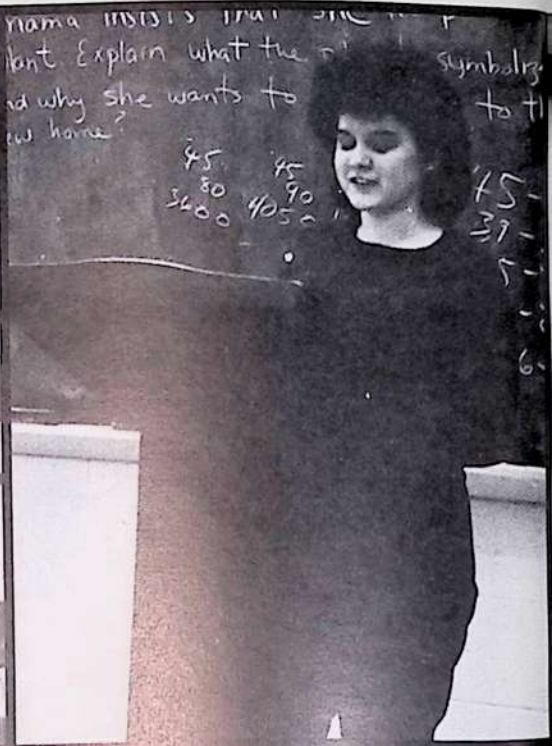

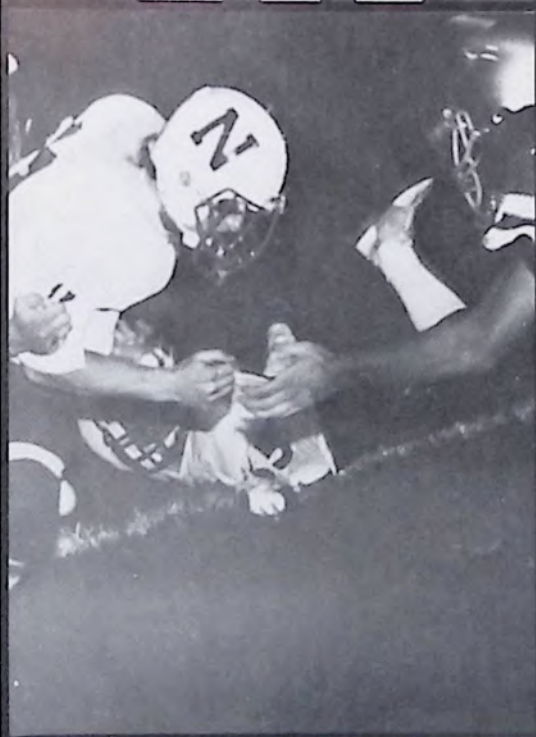

Be what you wish others to become.

Happiness consists in activity- it is a running stream, not a stagnant pool.

A friend is one who knows all about you and still likes you.

We can do anything if we stick to it long enough.

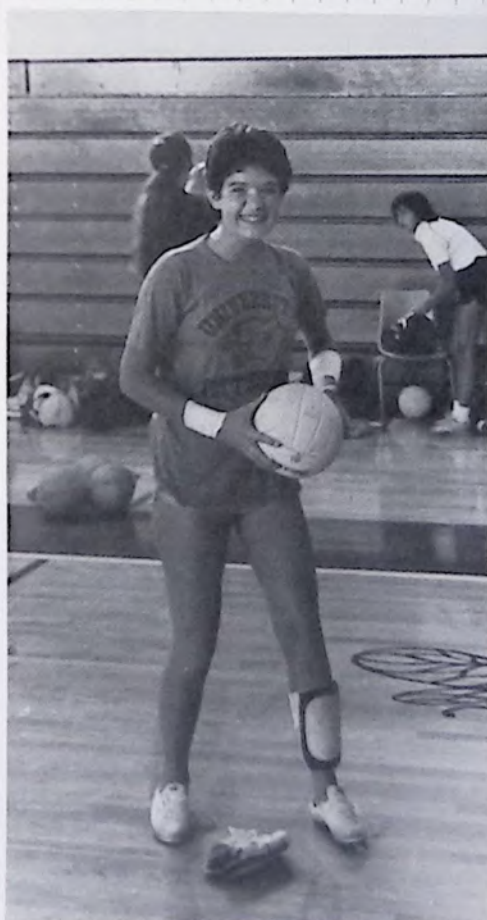

Friendship is the only cement  
that will hold the world  
together.

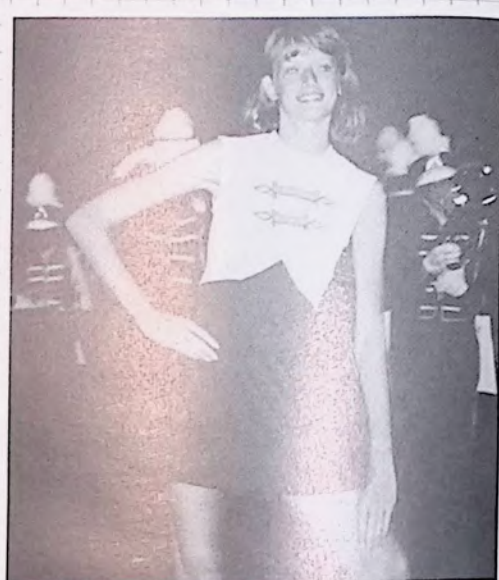

Life is 10% what you make it  
and 90% how you take it.

It is better to keep your mouth shut and thought a fool than it is to open it and prove it.

The real purpose of our existence is not to make a living, but to make a life -a worthy, well-rounded, useful life.

Seniors

Carl S. Johnson, President

Paula Davis, Vice-President

As we look back at the past four years of our lives, we understand how important they were in teaching us to become caring, responsible adults. The football games, dances, banquets, pep rallies, and of course, the parties, all have given us memories which can never be taken away. Our senior year has brought us together and friendships that we will hold forever. We would like to wish the best of luck and happiness to the Class of 1986.

Sincerely,  
The Senior Class Officers

Laura Magnetta, Secretary

Kim Porter, Treasurer

Ms. Joann Machuga, Senior Class Advisor

# STUDENT COUNCIL

Another year has ended  
Another year's gone by,  
It passed us by so quickly  
The time has seemed to fly.

We have loved and laughed together,  
We have faced our problems, too  
We have taken disappointments  
And seen our dreams come true.

But the time has come for us to leave  
Our childhood friends behind  
To say goodbye to high school years,  
To progress and move in time.

But as we meet some new friends,  
Let us always reminisce,  
Our good old friends from Freeport,  
The Class of Eighty-Six.

# ACKNOWLEDGEMENTS
