TORNADO

On Tuesday, June 3, 1980, at approximately 12 noon, a series of violent tornadoes ripped through the Kiski Valley causing damages in the millions of dollars. The tornadoes first touched down in Natrona Heights where a Fisher's Big Wheel Store was destroyed. After crossing the Allegheny River, the next area hit was the Melwood Manor section of Allegheny Township. One home was completely leveled, with many more sustaining heavy damage.

The tornadoes continued through Allegheny Township doing heavy damage in the Meadowbrook-Moreland Manor area. The next object in the path of destruction was our own Kiski Area High School. All of the damage at the high school was confined to the Arts Building. The roof was torn off in the area of the shops, causing water damage throughout the building. The entire roof and ceilings in the building had to be replaced.

From the high school, the tornadoes made a path for Vandergrift, following the Serpentine Road into town. The Serpentine Road was closed for days as a result of the trees that were down. The hardest hit section of Vandergrift was Burns Street where at least four homes were completely leveled. Many other homes were damaged beyond repair. Trees and wires were down all over the heights. At least four garages were leveled between Emerson and Lowell Streets.

From Vandergrift, the tornadoes crossed the Kiski River and hit North Apollo. From there they went over the hill and landed in the Edgewood Estates Trailer Court. Edgewood was the hardest hit area, with nearly all the mobile homes being damaged or destroyed. Miraculously, no one was killed during this "day of terror" in the Kiski Valley.

James R. Daniels
Superintendent

MR. DANIELS RETIRES

This spring a dedicated person retired after 15 years as the superintendent of the Kiski Area School District. This man is Mr. James R. Daniels. He has been a part of Kiski since 1964.

He first served for two years as principal of the high school. Then he became our superintendent. In his career, he has handed about 10,000 graduating seniors their diplomas, including his six children who all graduated from Kiski.

Mr. Daniels is a well rounded man. When he was in high school, he was a member of the Hi-Y Club. He also was on the football and track teams. He participated in plays during his junior and senior years, and he worked on the school newspaper.

Besides spending 33 years in education, he spent three years in the military. He was an aerial gunner in World War II and flew 40 missions over Italy and Southern France. He is active in his church and plans to travel across the United States with his wife.

Throughout his years in the Kiski Area School District, he has given his best to us and has proven over and over again that he is a kind and understanding man. We are very grateful to him for all he has done for us, and we wish him the best of luck in his future plans.

BOARD OF DIRECTORS - Row 1: Mrs. N. Scullo, Mr. R. Snyder (Pres.), Mr. J. Alker; Row 2: Mr. W. Michaels, Mrs. P. Lace, Mrs. M. Weigle, Mr. E. Young, Mr. L. Despotakis, Mr. J. C. Dormire, Mr. B. Silvestri.

The secretaries play a vital part within the administration. Without their constant help and organization, Kiski Area Senior High School would have much difficulty functioning.

A day in the life of a school secretary is indeed a busy one. Forever typing away at this or that, answering the perpetual ringing of the phones, filing papers, and always being there when you need them most. Teachers and students all turn to the secretaries for guidance and information. Without their efficient and prompt information, nothing would get accomplished.

Thank you secretaries for your sincere effort in helping to make the "Big K" a success.

Jean Orr

TEACHER OF THE YEAR

Last year's Kiski Area class of 1980, in cooperation with the Kiwanis Club of Vandergrift, initiated an annual award to the "Teachers of the Year" who have contributed the most to their education. An award went to a teacher in each of the following levels: elementary, junior high, and senior high. On the senior high level, Mrs. Jean Orr, a teacher of Typing I and II, chairperson of the Business Education Department, and sponsor of the Typing Club, was chosen by a wide margin.

The senior members of student council developed the evaluating criteria and screened the ballots. The teachers were judged on their teaching techniques, their concern for the students, and their personalities.

Mrs. Orr, a teacher at Kiski for 18 years and loved by many, was warmly cheered by the senior class at their graduating rehearsal when she was presented as the choice for the senior high teacher of the year.

The student council officers, school administrators, and the three teachers: Mrs. Jean Orr (senior high), Mr. Robert Solomon (junior high), and Mr. Patrick Mazanek (elementary), were guests of the Kiwanis Club at their June 4 meeting. The teachers were presented with framed certificates honoring them as "Teachers of the Year."

Automotive Mechanics, Building Trades Maintenance, Carpentry, Commercial Art, Drafting, Electrical Wiring, Food Services, Machine Tool Occupations, Welding, Air Conditioning, Refrigeration, and Heating Repair, Cosmetology, Distributive Education, Electronics, Graphic Arts, Health Assistant, Masonary, Material Handling . . . such are the technically-oriented trades available to interested students from Kiski Area who wish to engage in practical experience at the *Northern Westmoreland Area Vocational and Technical School*.

The environment at N.W.V.T.S. allows students to work with people having the same interests as their own. It also gives them the opportunity to explore many aspects of their specialized field of study. Here they acquire valuable technical experience which will enable them to pursue their desired career right out of high school. Vo-tech — for many, the beginnings to a bright, satisfying future in a technical career.

We are that dedicated group of individuals who, both individually and through our various staffs, bring forth the **CAMPUS** yearbook in May.

We spend an entire year preparing. Writing articles, creating layouts, snapping pictures, raising money, selling ads, and meeting deadlines. Through it all, some of us may never even see each other. Why not? Well, we are always terribly busy within our own departments organizing ourselves and trying our hardest to perform as professionals.

Under Mr. Schaeffer's supervision and loyal support, we are given the opportunity to use our various skills and abilities, and instill within ourselves a special kind of pride that comes from just knowing that we have done our very best to produce a book worthy of the name—Kiski Area 1981 **CAMPUS**.

The Afro-American club got together again this year. They showed us how important black unity still is to them here at Kiski. Things were really slow at the beginning of the year until they picked up. Then they really got wild. They proved that they did have a cause and a goal to strive for. They fulfilled their cause and overcame the odds to attain their goal and became a good group of loyal friends. They can be proud of all their accomplishments and of how far they have come.

You know us. We are the ones who spend each morning carting movie projectors through the halls and getting laughed at, instead of standing around talking with our friends like everyone else. We have gotten used to it and have convinced ourselves that we are the ones who are having fun.

Beneath all the projects we are involved in, there lies one basic reason for the AV Club's existence—to make sure that the teachers receive audio-visual aids when and where they want them.

Like everybody, we occasionally screw up—commit a "felonious, improper deliverance" of a projector. That is when our totalitarian sponsors, Mr. Duckworth and Mr. Stauffer, have their fun. Believe me, they keep us in line!

Though our AV existence is a hard life, there are many benefits. We spent our spare time producing television programs in the TV studio. And, of course, our major project was the Children's Hospital Drive. Months of planning culminated into the fourth annual telethon from Fisher's Big Wheel.

The responsibilities which we were entrusted with, and the many rewarding projects and activities, have been a valuable learning experience for all of us.

When Marching Band is over, the musicians are split into two bands. One of these is the Concert Band.

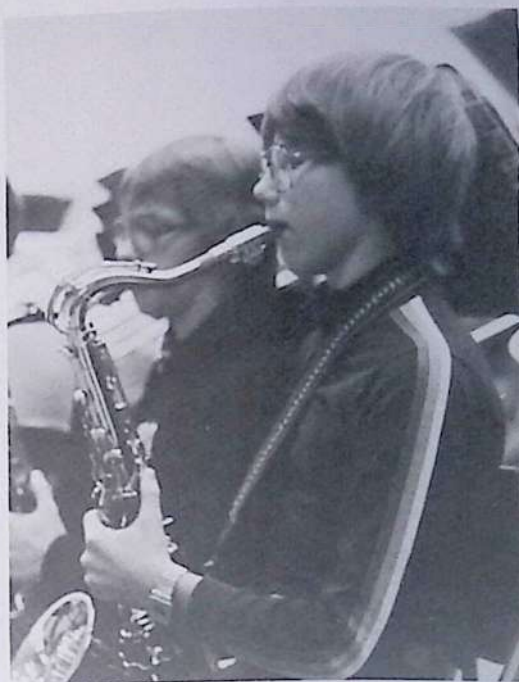

Sometimes we were separated from our friends but we always made new ones. With Mr. Botti's encouragement, we tackled our music. At first, playing was tiring, but as we learned our music we enjoyed playing it more and more. Sometimes Mr. Botti would give us a break from practicing and joke with us. We would have a good laugh then it was back to our instruments, music and more hard work. By the time our concert came rolling around, we were ready. It was our moment to proudly show our families and friends what we had accomplished.

This year was very special for the members of the Kiski Area Stage Band and Mr. Costanza. Not only did we enjoy playing jazz with Mr. C but our school was one of only thirty schools in the nation to be honored by having a jazz artist-in-residence. That artist was Randy Purcell who was the lead trombonist and arranger with the Maynard Ferguson Band.

After hearing him play for the first time, we picked our lower jaw off the floor and did our best to play the way he told us. It was hard to learn jazz improvisation and we all had a chance to do our thing. Although we were reluctant to improvise at first, some of us really started doing great. Then when Randy would compliment us on our playing, our embarrassment to play faded as our confidence in ourselves grew. With a lot of hard work and practice under Mr. C's direction Kiski Area's Stage Band had one of its most productive years ever.

Want a legal excuse to get out of school for a couple of days? Get selected for an honors band! It sounds easy but it's not. First you have to fill out an application and have your band director evaluate your playing skills. Your application is then mailed in with the applications of other hopeful musicians from several school districts. If you're lucky, you are picked to be in County Band.

Then there is District Band. If you make District Band, you play for band directors. If they think you were one of the better players in your section, you are chosen for Regional Band.

It's a lot of practicing and hard work individually and together in the honors bands. You play most of the day. Although you get breaks you some times end up with swollen and chapped lips.

Mr. Lamendola had a big responsibility directing the Kiski Area Symphonic Band. He had to pick the music for our concert, make sure that the school-owned instruments worked properly, and listen to many students who wanted to audition to get in Symphonic Band. After he selected the best musicians, the hard work started.

Every day we practiced our music in band. But at first we didn't like the music because it sounded like a bunch of notes without any purpose. As we practiced more and more the notes fell into place and we started to refine the edges.

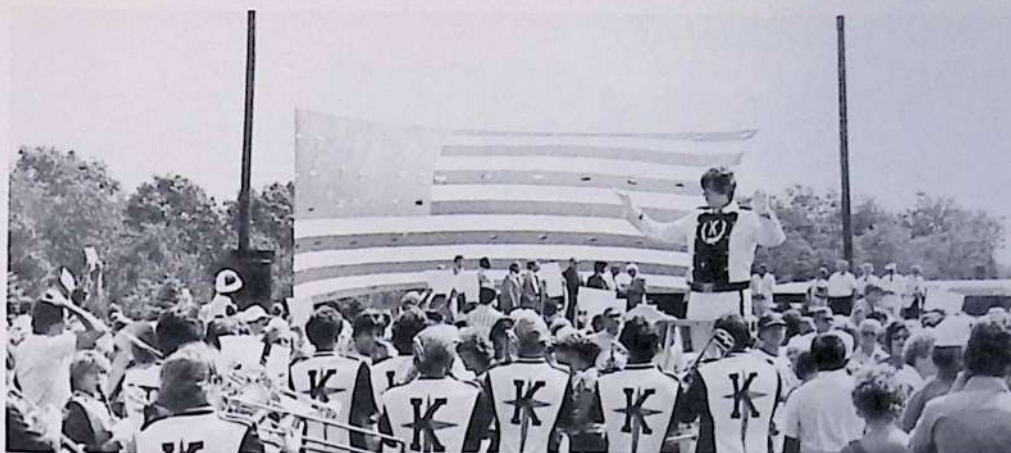

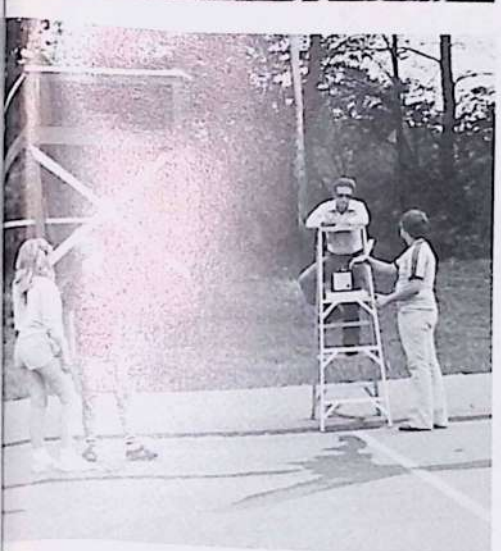

We had plenty of opportunities to practice; at sectionals, in activity period, and we stayed after school to work on our music with Mr. L. The end result of all our hard work and hours of practice was an exciting concert and the pleasing applause of the audience who enjoyed our music.

The summer was short for the members of the "Big K" Marching Band. Band camp started two weeks before school began. We were hard at work learning halftime shows, block band, and memorizing our music. Band camp wore out everything from our tar-covered sneakers to our leg and arm muscles (and an occasional instrument or two). The one thing that would not wear out was our pride in our band and its accomplishments. We had the honor of playing for Vice-President Walter Mondale at the Labor Day festivities at Northmoreland Park.

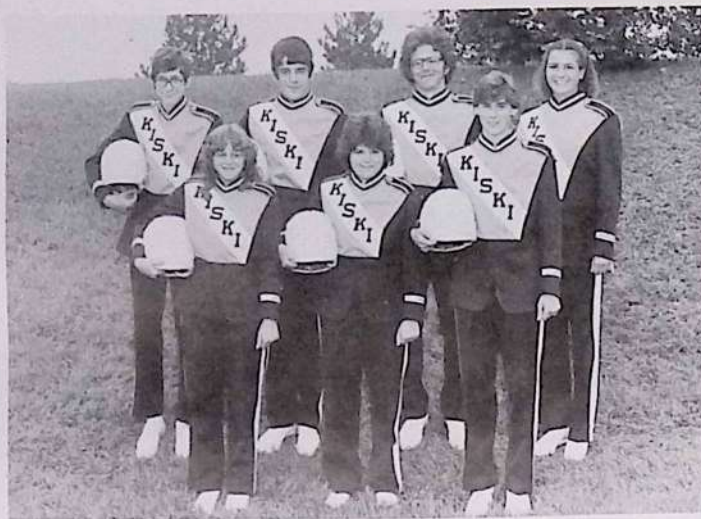

They say that behind every good band are good directors who pull us through the rough times, pat our shoulders after a good performance, and correct us when we make mistakes. Our band would not have been what it was without the dedication of Mr. Botti, Mr. Lamendola, Mr. Wolfgang, and Rich Pratkanis. Rich did a fine job as drum major this year.

The band performed well at every game and parade. We closed our marching season at the Penn Hills game with one of our best shows of the year. We would like to thank the band managers, band boosters, parents, and the people who bought our hoagies for supporting us this year.

As summer came to an end, everyone was trying to catch the sun's final rays. Everyone, that is, except the KA Colorguard. While most people were lounging around the pool, they were hard at work.

Early morning practices were nothing unusual for them. Hour after hour was spent learning new routines and steps. The work seemed endless as they struggled to get it right.

When school started, it was time for more practice after school each day—all in preparation for their first parade and halftime show. The colorguard did not let the Kiski fans down. They carried their flags and rifles proudly. They learned that hard work and dedication does pay.

After the announcement of the 1980 Kiski Area Majorettes was made, we looked at the year ahead and realized that there was much work to be done. The season started with hot, summer practices and many fund-raising activities. The money was spent on majorette camp, new uniforms, and chemical for our lighted batons.

We knew that this would be a fantastic year right from the beginning when we were awarded a superior rating at majorette camp. The camp was held at Indiana University from July 20-24. Four blue ribbons were presented for the performance of various routines, and three of the four winners were from Kiski. They were Lisa Zaski (head), Nicki Pflugh (co-head), and Cindy Carricato. Lisa went on to win the trophy for the most outstanding majorette.

The year proved to be successful and enjoyable for the majorettes due to the combined efforts and dedication of the group. The good working relationship and closeness of the girls created lasting friendships which we will always remember.

We the Kiski Area Cheerleaders, are the Cornerstone of spirit at Kiski. With an endless array of routines and catchy phrases, we try our very best to spread enthusiasm throughout the school.

Our year began back in the summer months right after the 1980-81 squad was chosen. Practices were held every day from nine to twelve during the summer.

Friendships developed quickly and before long we all became one big happy family. We worked hard, jumping and chanting our way to victory at Nationwide Cheerleading Camp where we won two superior ribbons and a plaque for being chosen "The Most Outstanding Squad."—definitely something to be proud of!

Once school began, our work intensified as we covered the gym walls with support posters, and held various fund raisers to purchase new basketball uniforms, new shoes, and pom-poms. We also sold M & M's for our trip to Pennsbury, and cheered our football team to another victory! Oh, and how could we forget Chuckie, our loveable gorilla. Thank you Chuck, we never could have done it without you.

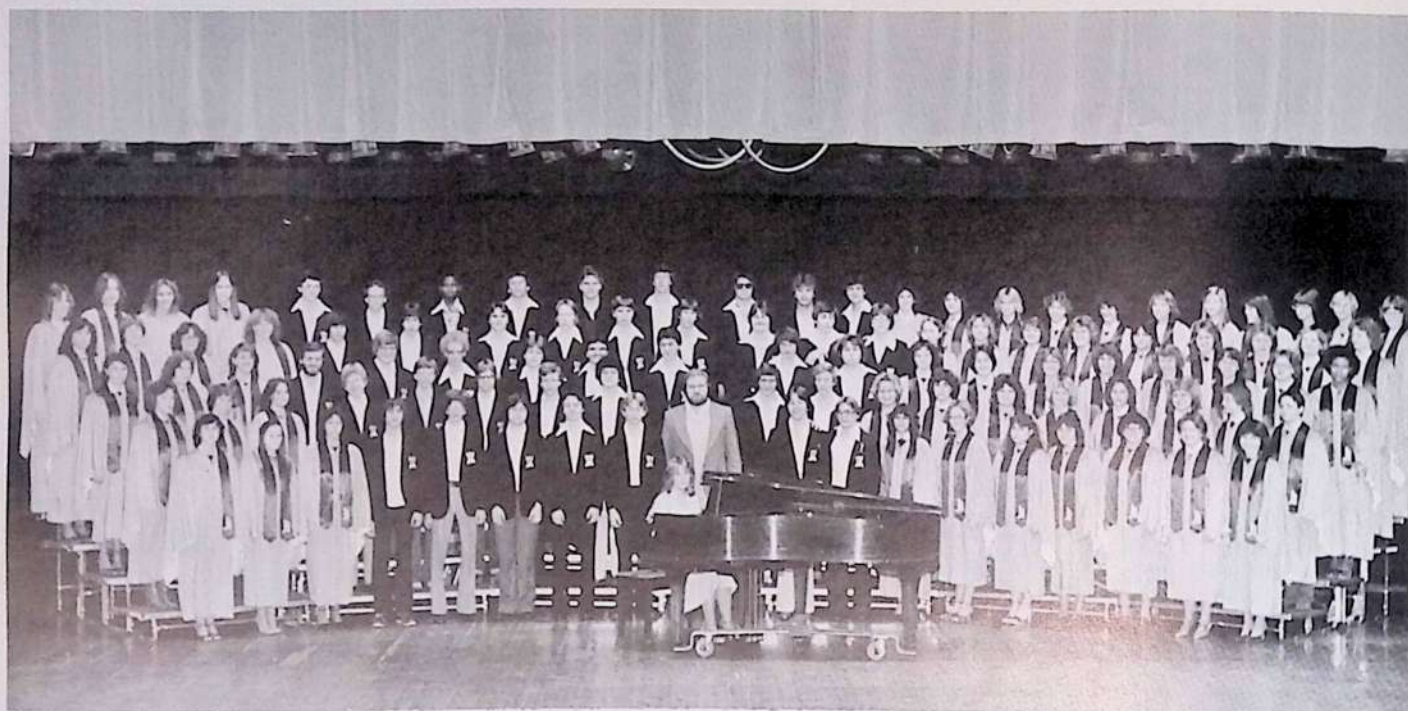

It was definitely a year filled with many happy memories we will remember for along time to come.

As anyone involved in a music program would tell you, it takes a lot of hard work and dedication to reach the pinnacle of perfection that musicians desire. That perfection is what the Concert Choir here at Kisti has worked to achieve.

We met every day during second period. Each of those days brought us closer to our goal. Mr. McClelland drove us to work as hard as we could and achieve a quality that was superior (we have been described as one of the best high school choirs in the state). It was frustrating at times when we felt we'd never get that one group of measures done. But when our concerts came off with such great success, we all came to understand why Mr. McClelland worked us so hard, and we appreciated the feeling we got when the final curtain closed and the audience cheered fanatically. He gave us many badly needed lectures when spirits got low. Time and time again he reminded us what a great, first rate chorus we could be if we all worked harder and harder until we thought we couldn't go on.

We'll always remember the times we had in the Concert Choir—the concerts, the festivals, and even a production of "Oklahoma"—and we'll never forget Mr. McClelland's hard work and dedication, and the time he gave to bring out the gift of music in all of us. We realize that all of that hard work and these back breaking hours (from our "good posture") really did pay off!

The County Choral Festival of the Pennsylvania Music Educator's Association was held at Derry Area Senior High School this year. It could also be described as a "rung" on a ladder because it is the first step upward, out of our high school choruses and into a new type of learning experience. Usually, to the fortunate sophomores, juniors, and seniors who make it, it is a totally new experience each time. At the festival, we are merged together with students from various high schools throughout Westmoreland County, and all of these "different" people come together to create a really magnificent sound! The concert this year was a great success. Derry's auditorium was filled!

The two days that we spent at Derry were full of a lot of very hard work. The condensed time puts a real strain on everyone involved. But after the banquet, we were all relaxed and tuned-up for show time! A few fortunate students out of the county chorus are picked for District Chorus.

—Roger Freedline

What greater honor could be bestowed upon a member of a high school chorus than to be chosen to represent his or her school district in the District Chorus? I can't think of one.

The District Choral Festival was held at Keystone Oaks Senior High School from February 19-21. We considered the District Chorus a chance to prove to ourselves how far we could go and how good we could be. The music that was chosen for us was some of the hardest that most of us ever had encountered.

Our host families were very hospitable and eager to make us comfortable and to help make the trip as beneficial and as successful as possible.

The three days we stayed at Keystone Oaks were full of very hard work. We had to put a whole concert together, plus try-out for regionals. The whole trip was a very good experience and we did have fun! We were very fortunate to be able to make it!

Mr. McClelland's men and ladies were busy preparing for another concert this year. The Boys' Glee Club is made up of the "men" in the concert choir and mixed chorus and the Girls' Glee club is made up of their "ladies."

The boys worked hard and tackled some pretty high notes to prepare for the concert where they performed "The Last Farewell" by Roger Whittaker. The girls performed Eugene Butler's Latin classic "Glorificamus Te."

Being in the Glee Club gives the musicians a chance to become acquainted with other styles and feelings of music. Each is just another learning experience to improve the talent and widen the musical capabilities of each of the members.

The Mixed Chorus is Kiski's Sophomore Chorus. This is some of the sophomore's first experience with this type of group. The Mixed Chorus really works hard. This is the time for its members to develop their talent. "Quality" is the word in the Mixed Chorus! Mr. McClelland tries to train the sophomores to go on to the Concert Choir and competition-class status.

Most of the Mixed Chorus' time is spent learning the music that will be performed in the three major concerts of each year—the Christmas concert, spring concert, and the "choirarama." Their extra lessons were used to learn how to read music and develop the much-stressed, "almighty" VIBRATO!

The Mixed Chorus "rung" on the Kiski Area Chorus Ladder is a very important one. What is learned here makes the Concert Choirs of future years!

Mr. Woitas and his group of coin collectors were at it again. Things really got off at a "snail's pace" for the Coin Club this year. There were few meetings at the beginning of the year, but after things got under way, they met regularly to learn about and trade coins! Now, you might say that there is nothing interesting or exciting about a coin, but the Coin Club thinks there is! Coins are their passion. The Coin Club is a good way for these "money maniacs" to gain a good deal of knowledge about and the history of some pretty interesting coins. They will keep on looking until they find that one special "collector's item," so they will surely be back again next year. Good luck guys!

The Drafting Club combines many interests of related future careers. It is a rewarding and productive experience for its members. Most of the members have an interest in a future career in architecture or drafting. Under the direction of Mr. George, one of the club's projects during the year is making signs for around the school—they help the school while improving their own skills.

This year, our French Club participated in many worthwhile activities. As usual, we participated in the Fun Fair for Children's Hospital. We also had a few bake sales with our most important one being on "Jour de Poisson" which is April Fool's Day. It is an annual custom at Kiski that the French Club sell fish-shaped cookies on "Jour de Poisson" (Fish day). Our sponsor, Mrs. Baun provided us with the necessary incentive to accomplish our main goal. That goal was to raise enough money for the club so that we could have a French Club Banquet at the end of the year. At this banquet, we have all sorts of French cuisine, which we prepare ourselves. This year as usual, our French Club was great!

The Future Business Leaders of America (FBCLA) is made up of students in the business curriculum. Most of the students in this club are looking forward to future careers in the business world. Throughout the year, they listen to various speakers from business and industry, as well as from some of the Pittsburgh business schools. All of this is designed to give the members a better insight into what it is like to work in the business world.

One of the FBCLA's favorite projects each year is their cupcake sale on Valentine's Day. On this special day, students in the school can purchase a cupcake and have it sent, along with a message, to a friend. Another highlight of the year is the competition that Kiski students participate in at regional meetings of the FBCLA organization—this is a national organization. At these meetings, students compete in typing, shorthand, accounting, business math, and even for Mr. and Miss FBCLA. Mrs. Contie, Kiski's shorthand teacher, is the club's sponsor.

For those of you who have a particular interest in sewing and needle craft, you will be interested to learn that Kiski has a club for you. The Future Homemakers of America (FHA) is made up of students interested in the art of sewing. They meet on their assigned day and discuss the latest ideas in sewing and needle craft, adding their opinions to the discussion. They also work on different sewing projects under the supervision and guidance of their sponsor, Mrs. Wilson.

We sold hot dogs and sauerkraut at the fun fair in December. The day was a pretty good one. Everyone pitched in for a good cause.

We didn't get to do a whole lot this year, but we still got together every second Wednesday of the month for some fun happenings. What else are clubs for?? We elected Dianne Powell as our president and Sherri Eddy as our vice president, and they really got us organized.

We'll be back again next year, even stronger and zanier than before, but Kiski wouldn't be Kiski without us.

Walk past the chorus room any activity period and you will probably hear some of your favorite pop songs coming from inside. But it is not 45's or the radio—it is the Jazz-Rock Ensemble!

The members of "Jazz-Rock" are a group of talented, accomplished musicians and singers led by Mr. McClelland. They work hard to perfect their music and try to copy the "sound" that the songs they do have.

The Jazz-Rock Ensemble had a concert in March and they visited each of the junior high schools to give them a sample of their music. Kiski's Jazz-Rock group is one of the most renowned in Pennsylvania and is well known in various parts of the state. It was one of the pioneers of that type of group in the high schools around the country.

The members of Jazz-Rock work hard every morning singing their parts. However, their time is not entirely spent singing. They also learn about the specialized instruments and equipment, and the different types of music.

Most of the members of the group are also in chorus. The Jazz-Rock Ensemble gives them a chance to deal with and get a good background in a wider range of music—particularly modern "pop." Being in the Jazz-Rock group is a lot of work, but it is also very rewarding!

Starting in October, five mini-businesses were born right here in our own high school. How? Under the nationwide program called Junior Achievement. Every Monday and Wednesday night during the months of October to April, 150 students from this general area of the valley, met in our wood and metal shops. Here, they produced various products ranging from loop T-shirts to metal hangers to hang them on. After producing the items, their next job was to sell them to the public. Their main goal was not only to learn about the world of business and help in building a profitable organization, but also to make a little additional money.

Of course, all of this activity was not work—these students were sociable too. In January, a bus was packed with JA members to go to the annual Mr. and Miss executive JA semi-formal in the Hyatt House ballroom in Pittsburgh. There were also tours of U.S. Steel and other corporations that sponsor the companies. In addition to the activities, students had a chance to compete in different contests and could earn personal awards. Also, some members received the honor of going to Bowlinggreen, Indiana for JAMCO, a business-learning experience.

Extra! Extra! Read all about it! The Kiskizette Journalism Classes have repeated these words many times. There are two completely different Kiskizette staffs each year—one the first semester and another one the second semester. The staffs are actually journalism classes taught by Mr. Iagnemma. They learn how to write for a newspaper, the art of photography, developing, printing, layout, and paste-up. As the semester progresses, the staff tries to improve the paper. According to Mr. Iagnemma, between 400-500 copies are sold of each issue. This was the first year that the paper used color. Another highlight of the year was the adoption of a mascot named "The Kiski Konnption." The paper is supported by the school, advertising, and sales.

The Library Club is made up of students interested in helping their fellow classmates locate information in the library. They also deliver passes, stamp books to be taken out, and assist students with the use of the various audio-visual equipment in the library. Our school librarian, Mr. Kulas, is the advisor of the Library Club. He keeps the group working hard to insure that the library runs smoothly and efficiently. Besides working in the library, the club also participated in the annual fun fair for Children's Hospital this year by selling crocheted Christmas trinkets.

The Creative Writer's Club is for students here at Kiski who like to write and can do it creatively. They met the second and fourth Tuesdays of every month. Most of their time was spent submitting poems and stories to make-up a magazine. The club really encourages creativity and the development of perhaps some potential geniuses!

Mrs. Borowski sponsored the club this year. She helped the members bring out their talents and gave them some suggestions. Maybe she'll discover an aspiring young "Ernest Hemingway" in our midst!

If you enjoy doing math problems for fun, the math club is the perfect place to be during activity periods. In math club, you have the opportunity to try your own ideas on how to solve unusual problems.

Different activities are also planned such as having math club members give extra help to students who are having problems in math. A major project during the year is the fund drive for Children's Hospital. Miss Hobbins, the sponsor for the math club, asked other math teachers to participate in charging their students small fines for using the hall pass, forgetting their book, falling asleep in class, etc. The math teachers also had to pay fines. They were charged for making errors on the board or in correcting a test. All of the proceeds from these fines went to Children's Hospital. The club also ran a dart throwing booth at the fun fair.

During the year, the math club was an active organization with either a project or a problem or puzzle solving session.

Who enjoys math enough to travel to different schools to work math problems? The members of the math team, of course. They are a group of sophomores, juniors, and seniors who are guided by their sponsor, Mr. Halli and Mrs. Scales. Our "Big K" team competes at math meets with four other high schools.

On the day of a home math meet, you may walk past the L.G.I. room and see a group of students solving difficult math problems with a pencil in hand. Although they race to beat the opposing school, the members of the Kiski Area math team are calm. The reason for their confidence is that no one can keep Kiski's Math Team down. They are always back to their pencils before most people can read through the problems that they solve.

Having the qualities of scholarship, leadership, service, and character, we were chosen as members of the National Honor Society. It was a great honor!

In the Spring, we served as guides for the Sophomore orientation, giving a tour of the school to the many students who would be starting here in the fall.

Throughout the year, we followed NHS tradition and held several coffee houses for the students and faculty. We also contributed to the Children's Hospital fund drive by participating in the fun fair. We sold pizzas and held a concert to raise money for our induction ceremony, held for the new members in March, and to purchase the banners we would wear at graduation.

It was a year filled with many rewards and pleasures. We give our sincere thanks to Mrs. Clugston for all the help and guidance she has given us.

There are many divisions in the Kiski Area music department, and the orchestra is one of them. It is made up of dedicated students interested in the various stringed instruments. They meet every day during the eighth period. It takes a lot of hard practice to prepare for upcoming concerts. Despite the hard work, the students also have a good time working together. Besides playing, the students also learn music theory. This isn't the most popular part of the class, but it is essential to develop the fine musicians that Kiski has become accustomed to.

For all you peppy people out there, Kiski has the perfect club for you. The Pep Club, which is sponsored by Miss Susini, provides the football players with the feeling that someone supports them and expects them to do their best. What is Student Council? It is the governing body of the students. Back in September, we voted for two people from each homeroom to represent us on student council. Those two people, along with two people from each homeroom in the school, met and made decisions that affected the entire school.

One of the largest activities through the year was the fund drive for Children's Hospital. The members of student council sponsored a hunter's coffee stop outside of Apollo, worked at the fun fair and at the telethon, and distributed and collected collection cans. All of the money collected from these activities went to Children's Hospital.

Ever wonder how your teachers managed to type all those study guides or correct that five-page test by the next day? Well, it could be that they had help.

Student secretaries are a teacher's "third arm." Typing dittoes and correcting tests are just two of the many jobs of a student secretary.

Being a student secretary is a lot of work, but it is also very rewarding. It gives the student a chance to get to know the teachers better and to learn responsibility.

Running the main office in a large high school like Kiski is no easy job and sometimes Mrs. Quarto, Mrs. Winesky, and Mrs. Wright need help. That's why there are student secretaries. They deliver morning and afternoon bulletins, mail, and run many other errands. Being a student secretary is a good way to get to know the administration. Also there is the opportunity to meet and work with many people. Student secretaries work hard, but being one can certainly be a rewarding experience.

We are a small group of people who were recommended by Mr. Mintus to Mr. Israel, our advisor. Tri-Hi-Y got a late start this year. Our first meeting wasn't held until November, leaving very little time before Christmas to plan any projects.

We had many new members and decided to have a junior and senior division. We elected officers and got right to work.

Our first project was a cake wheel at the fun fair. Everyone worked hard to make it a success. The proceeds went to Children's Hospital, making all our efforts worthwhile.

The Typing Club is made up of those students taking the business curriculum with an interest in typing. Students discuss their problems that they are working on in the various typing classes. Officially, our goal is, "... to reduce the number of fatal and injury-producing traffic accidents ... " Together with our sponsor, Mr. Bassetti, we have tried to attain this goal. In cooperation with Westmoreland County, we devised a project to try to place responsible attitudes towards safety in elementary age children through their participation in a slide show. We believe that responsibility begins early, and, if we can reach just a few of the many people we come in contact with, our goal could possibly be attained.

The transfer of ideas between the four of us, and the representatives from the other schools of Intermediate Unit No. 7 allow for a mixing of ideals, plans, and interests. All in all, it has proved an extremely worthwhile experience where we can relate to others and mold a safer, more responsible society.

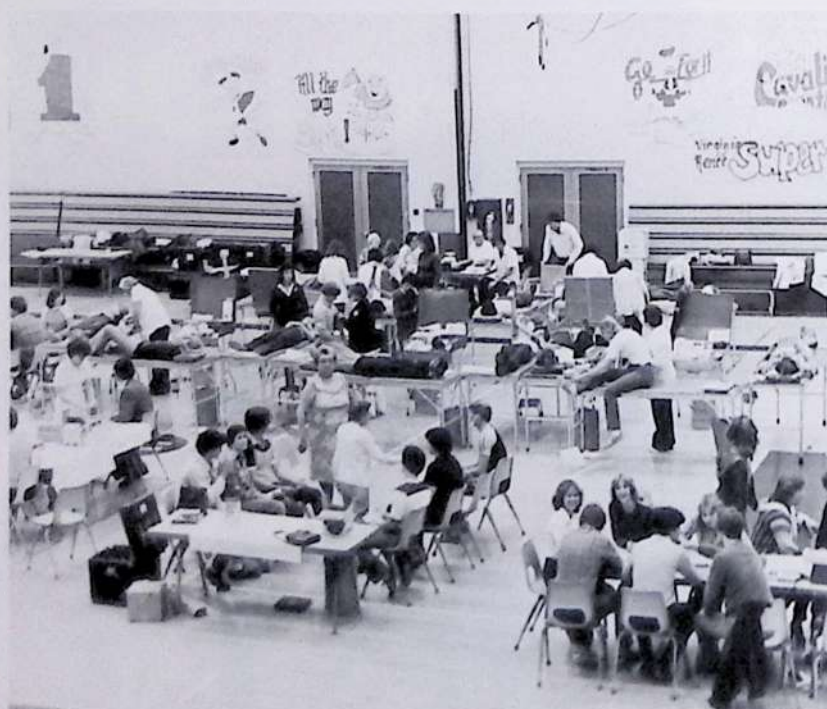

SPECIAL EVENTS

On October 22, 1980, the Student Council, in cooperation with the American Red Cross, sponsored a blood drive in the school gym.

The drive was a great success with a total of 144 pints of blood being donated that day. The Red Cross was very pleased with the drive and praised the Kiski students for their skill in organizing the program, and their willingness and enthusiasm about giving blood.

The student chairman of this first-time effort was Bruce Artman, assisted by Don Gibbon, Tom Ceraso, and Jim Wygonik.

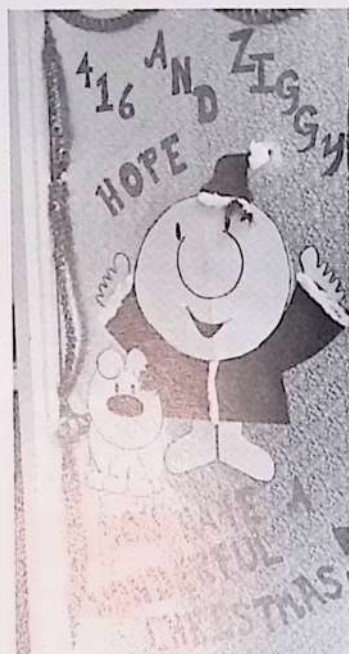

November 21, 1980, brought with it all the excitement and preparation associated with our annual Career Day.

Roughly 65 speakers representing some 52 fields or occupations were presented to the students as an opportunity for them to acquire understanding and insight into a possible career of their choice.

We owe a special thank you to Mr. Ceraso, who is shown in the upper left-hand corner of this page getting ready for career day. He spent many long hours organizing one of the best career days ever.

Three winners, a first, second, and third place, were selected from each grade level. The following pictures show the winning doors. The third prize sophomore door was torn down when our photographer got there.

The annual faculty Christmas tea was held this year on December 19 from 9 a.m. to 2 p.m.

Finger foods such as fancy cookies and hors d'oeuvres were prepared by Mrs. Daugherty's Foods II classes. However, all foods classes participated in the serving activities, creating a festive atmosphere for everyone involved on one very special day before Christmas.

"The sky is the limit" as far as we are concerned. Who are we, you ask? We are some 80 individuals who make up Mr. Yajko's Astronomy classes.

In addition to our classroom studies, we frequently meet here at the school to study the stars on evenings when the weather permits. We see first-hand many of the things spoken of in class.

Thanks to Mr. Yajko and the science department for making such an interesting area of study available to us.

A very special Christmas...

Thank you!!

Christmas in the Kiski valley is more than a holiday, it is a feeling. Thanks to the cooperation and giving spirit of all the people in our great valley, \$30,900 was raised for Children's Hospital in Pittsburgh. A lot of work, time, and organization was given by students, sponsors, churches, and other groups throughout the valley. Our Audio-Visual Club set up the lights and cameras at Fisher's Big Wheel. The valley added the action. With the aid of Liberty TV Cable Co. and Fisher's Big Wheel, the Children's Hospital Telethon entered the homes of our valley on KAE-TV12. The high school took active part in the drive. The student council held raffles, a buck pool, and the annual fun fair. The Youth Traffic Safety Council headed a hunter's coffee stop in West Apollo. All the clubs in the school participated in many ways. We were all kids helping kids. By supporting Children's Hospital, we have united our valley with a reputation and spirit of giving and love. That is quite an accomplishment for any area!

As you near the Foods Room, the smell of food cooking draws you closer. You may have been especially tempted before Thanksgiving when you smelled the familiar smell of a Thanksgiving dinner cooking.

Mrs. Daugherty's Foods II classes were responsible for that tempting smell. They are also the lucky people who got to eat. They put a lot of time and work into preparing the dinner before they could sink their teeth into it.

Mr. Trunzo, Varsity Coach

When the 1980 varsity baseball season opened, no one knew what the team could do. The players had confidence and so did our coach, Mr. Trunzo. We defeated every team we faced at least once. We were in the section race until our 4-2 loss to Burrell at the end of the season. The team showed real character by going to Highlands the very next day and shutting them out 4-0.

There were other memorable times during the season. Playing an afternoon game on prom day was a thrill, but a heartbreaking loss to Deer Lakes (4-3) really hurt us.

The team had some great players: MVP Dave Stone; star pitcher, Robby Engleka; batting wiz, Dave Giotto; and first baseman, Marty Garda, who doubled as a pitcher. The most important person on the team, though, was Coach Trunzo who picked us up after many trying times and who made us believe in ourselves. We may not have won the section, but no team out hustled us. But then again, we were from Kiski Area!

The 1980 Girl's Softball team was very successful under their new coach, Mr. Kalchthaler. The girls displayed great ability in the field, winning their first six section games. Most of their wins were high-scoring games. They were in the Section IV battle until a last game loss to Highlands (12-4). The girls showed that the Kiski spirit and pride do not just belong too to the guys.

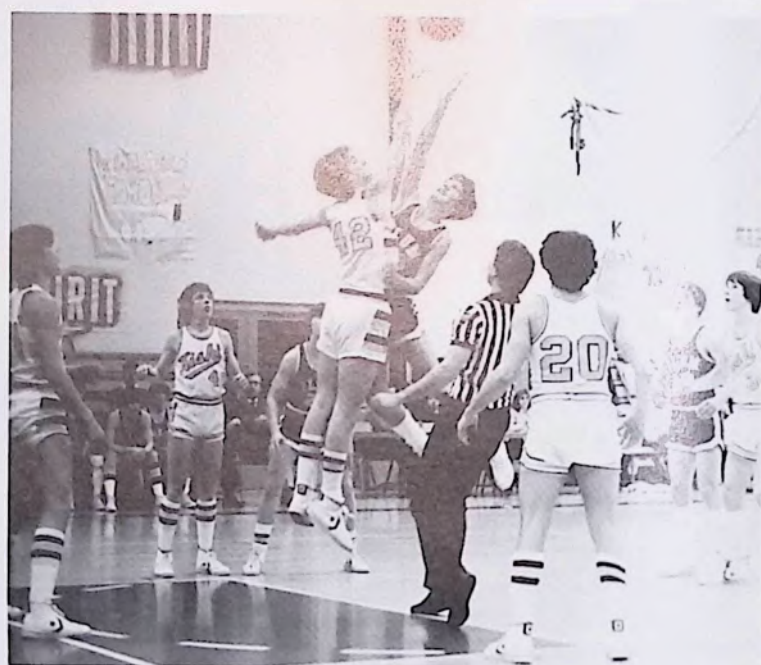

The tennis team did not have its usual winning season last year, but they had a good reason. Most of the other teams were dominated by seniors with several years experience on the team. They gave every team a fight to the finish, though. The old Kiski spirit was still present every time they took to the court.

The track team once again had their individual stand outs. Last spring's team was led by Jay McCoy, Alvin Cox, and John Feroce—all going to the state finals. The rest of the team was not a bunch of bums either, as the track team came up with another winning season.

This year's edition of the Cavalier Basketball Team had an unusually high number of good points. To start with, the team had the most wins since 1977, they won twice as many games as they did last year, and there were many exciting games. "Fruit Pie" led the way in many, if not all, of the games. As most of us know, "Fruit Pie" scored a Kiski record 42 points in one game and was the WPIAL scoring champ. Although they didn't win a lot of games, they gave it their best shot. When Marty, Cal, and "Fruit" had their stuff going in the same game, Kiski was tough to beat. Even though they didn't have a winning season, the players will remember it as an exciting one.

This year's Girls' Basketball Team displayed great skill and spirit enroute to a playoff birth. Although they lost three section games, they lost these games by a combined total of five points. This year's team was made up of what every good team should have: good starters and good bench strength. Kiski needed their bench strength when Carolyn went down with a sprained knee and missed several games. The bench came through and kept Kiski's title hopes alive. Coach Brost provided the impetus with his disciplined practices and coaching style and the girls responded with a season to make everyone proud.

The Cross Country team had another successful season this year—matching the success of the other fall teams. With Anthony Campisano leading the way, the team had one of its best seasons in history.

The team got off to a good start by winning their first three meets. After a loss to Norwin and a close meet with Penn Hills, which Penn Hills won by five points, the team went on to win six of its last seven meets.

A 4th place finish in the WCCA was the highest finish of the four invationals the team competed in this year. In the WPIAL finals, Anthony Campisano placed 30th.

All in all, it was a very successful year for the cross country boys. They certainly kept the winning spirit alive at Kiski!

Kiski's 1980-81 championship football season began in the heat and sun of July and ended in the snow and cold of November. For our camp this year, we visited Slippery Rock State College for a fun-filled, one-week vacation.

When our first game came along, we were not given much of a chance at winning the title; however, the first two games went in the victory column. Our loss to Highlands, the third game, made us a stronger team and we went on to win the next six games and the Foothills Championship. Our season ended when we lost to Penn Hills in the WPIAL quarterfinal game at Davis Field.

One of the highlights of the season was our two-day trip to Philadelphia to play Pennsbury. At the game, which we won, a large portion of the crowd was from Kiski, which shows the fine support we had. The coaches, student body, faculty, and cheerleaders were a key part in making the 1980-81 Kiski Area Cavaliers champions once again, and we thank them.

—John Kukalis, Team Captain

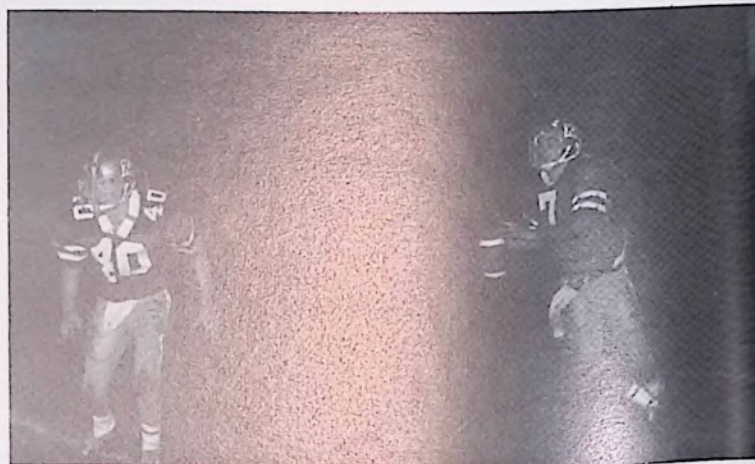

Going into this season, we had bad memories of last year when we were robbed of the championship by Penn Hills through their court action. Despite the bad memories, we knew that this season would be a championship one from the start—we wouldn't be denied the Foothills crown.

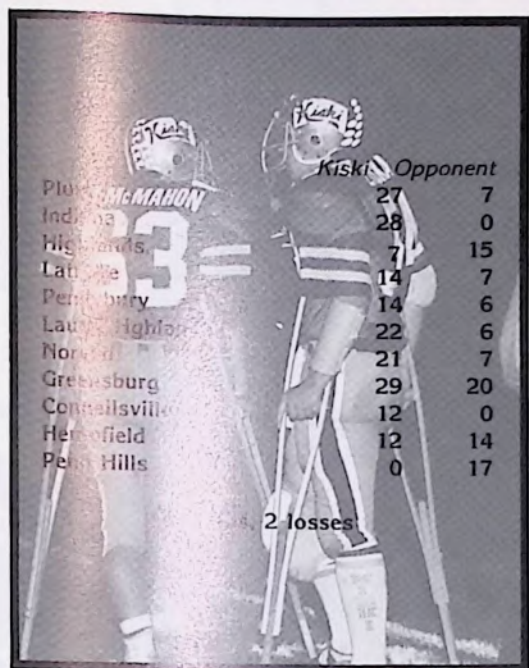

On November 23, we had the chance to win the Foothills when we met the Connellsville Falcons. When the game was over, our dreams of being the 1980 Foothills champions had come true, and that took a lot of hard work.

The win marked the 8th Foothills championship for Kiski Area in the 25 years of the Foothills conference. The team and coaches were very happy, but the season was not over yet. We had one conference game left and the playoffs.

We did not fair to well after the Connellsville game. Several key injuries made the job harder than it might have been—and may have cost us the WPIAL Championship. Despite the loss to Hempfield and to Penn Hills in the playoff, our season was successful and one that we will never forget.

The Kiski Area Golf Team scaled higher greens, and teed-off like they never teed-off before to clinch the 1980-81 WPIAL Section 13 Golf Championship. They really showed what a lot of hard work, a tremendous amount of patience, and a bit of luck can do for a golf team.

The team really boosted the student boy's faith in Kiski's team. They let the school know that you can win a big title like "champion," and not even play football! The team also gained more respectability, and, what's more important, is, that the guys improved their already "ace" game with all the practice they got in. They were coached by Mr. Veselicky and lead by Captain Larry Loperfito. They named Mark Kramer as most valuable player, and varsity letters were awarded to eight of the eleven members.

In all, it was one of the teams best years ever, and, as far as the team goes, those immortal words—"We are the champions my friend, and we'll keep on fighting 'til the end"—fits them to a "tee."

When someone says gymnastics, most people think of handstands and iron crosses, but there is a lot more to it than that. It involves a lot of hard work—both mental and physical. Each move requires total thought and concentration, in addition to a wide range of flexibility and strength. If the move is not right the first time, it has to be practiced over and over until it is. Head coach, Mr. Answine, and assistant coach, Mr. Zahumensky, made sure of that!

The 1980-81 Kiski Area Varsity Gymnastics team prepared routines, conditioned, and met with some tough competition. This year we were close to winning the WPIAL and place team championship. However, the chances of this were lost when we went down to Peters Township in our final meet. We went farther than most expected, and Matt Peters, a junior, went on to all-round competition at P.I.A.A. State competition.

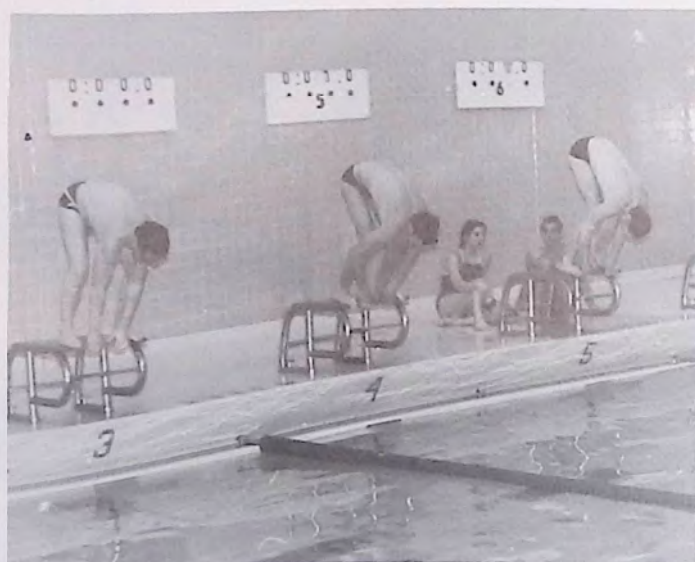

With hard work and determination, we hope to make next season an even better year. Being a part of the gymnastics team is no easy job, but it is a lot of fun!

This swim team got off to an early start this year, trying to gain a slight edge over our competitors. As the season progressed, we were plagued with illness and injuries. We never had an entirely healthy team all season, which didn't help us.

The pool was also a problem this year. One day the water would be too hot-the next day it would be too cold. In addition, there was a problem with the filtering system during the season.

Our overall record was not bad. We had some very close meets. Despite the overall team record, everyone seemed pleased with their individual improvements and achievements.

"Kiski Girls are Great" was the saying on a poster often seen in the gym during the year, and the girls' volleyball team proved how great they really are! The varsity team went all the way down to the semi-finals and placed third behind Norwin and Bladwin, the two best teams in the state! The girls worked very hard and showed us that they can do just as well, if not a lot better than the boys' teams.

All eight of the members of the varsity team, lead by Capt. Rene Bence, earned varsity letters—that's dedication! They trained hard, and played hard. The girls had a few rough games, but still came away second only to Plum in the section 10 race. They went on to the quarter finals and semi-finals. They may be third state-wide, but they are number one "Kiski-wide."

"The team had an unsuccessful year this year," according to team captain, Chuck Peters. "A few lucky breaks and we may have broken even." One highlight of the season was when Kevin Moorehead scored better than a higher ranked wrestler. Between Kevin and Chuck, there were a lot of exciting matches. One reason for the poor season was the many injuries, such as Chip Miller. Due to the large number of returning lettermen, the outlook for next season looks good.

The Fitness Team is a group of dedicated people that really believe in keeping in shape. Not only are they constantly trying to keep their bodies in top shape for their own enjoyment, but many are getting ready for the various fitness meets sponsored by the Marines. These people spent their activity periods doing various exercises and other fitness activities. The result—a well-disciplined mind and body.

JOSEPH ANTHONY DONGHIA

BORN FOR HEAVEN
June 13, 1961
PEACE · LOVE · JOY WITH GOD
March 22, 1980

FOR JOEY

I remember Joey--
a guy who was as much of
a little boy as he was a man.
His easy laughs--his gentle smile
The way he lit up a room when
he entered it.

I remember Joey--
a friend who touched the hearts
of so many and a person who
will be loved and missed by
everyone-forever.

I remember Joey--
mostly for the love he gave
to all--and the happiness
I felt when I received it.

I love you Joey, and I'll never
forget you.

--Lisa Zaski

Joey Donghia, a freshman at St. Vincent College, graduated from Kiski Area with the Class of '79. Known as "THE KIDD" ("Double-D") by his friends Joey was loved by all who knew him. He was never seen without that special smile of his--always reaching out to everyone--listening, talking, helping--young and old alike. Joey was unique and special, we will never find another friend like him.

Joey could always be found "shootin' hoops" at the courts, listening to his favorite--Bruce Springsteen, working at his dad's store, or sharing a good time with his many friends. Names like Bill Walton, Portland Trailblazers, U.C.L.A., Minnesota Viking, Bruce Springsteen, and of course, No. 32, will always be synonymous with Joey.

We miss you, Joey, and we will never forget you. Now you are enjoying the glory with God you justly deserve, by the beautiful way you lived--an inspiration to all of us. You were truly a gift from God--your love, always reaching out, touched us all in a special way. Someday, we pray, we will be with you. Until then, you will live with us in our hearts and minds. Be with us, Joey, watch over, and pray for us. You're the best son, brother, and friend ever. We love you, Joey.

IN MEMORY OF

MR. ANDREW G. UNCAPHER, SR.

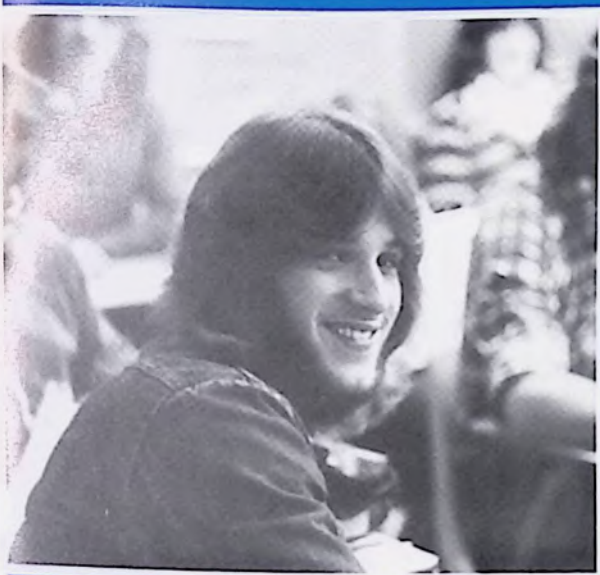

1901-1980

Very few students realize how dedicated the members of our administration are. One of those people was Mr. Andrew G. Uncapher, Sr., our school district solicitor. He was an attorney for more than 50 years, and had served as assistant attorney general for the state of Pennsylvania. We are honored to have had a man of such importance working for our school district. In fact, he was in the Greensburg courthouse on school business when he had a fatal heart attack last summer.

a rose . . .

a rose is like a friendship
it blossoms,
it grows,
it withers,
leaving petals of memories behind.

—Marcie Covey

"SEASONS"

The seasons are changing and so am I,
I'm starting to tell my childhood good-bye.
I'm not the little child I used to be.
In some ways, I'm different entirely.
It's a little sad to see children play.
To think I will never again be that way.
Perhaps it is the future I fear—
Fear of losing something from the past
that is dear.

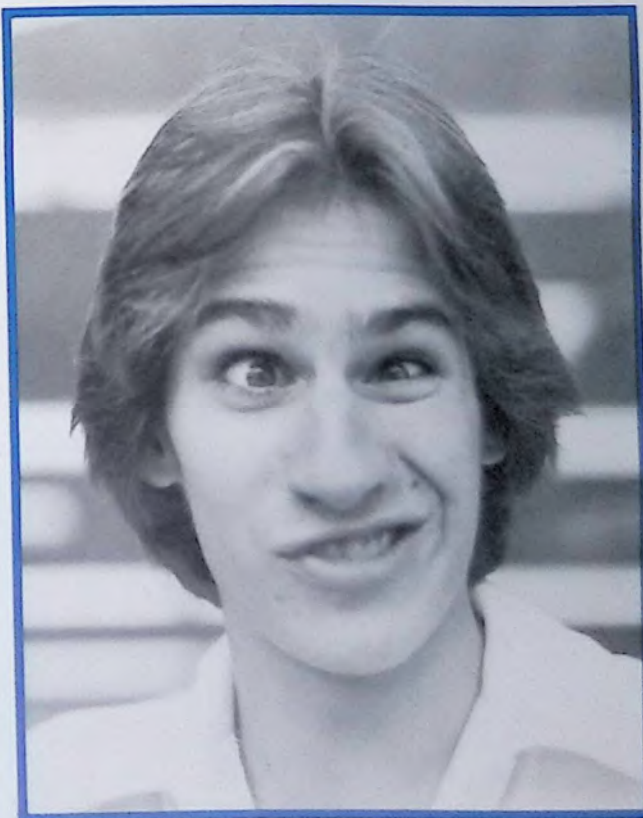

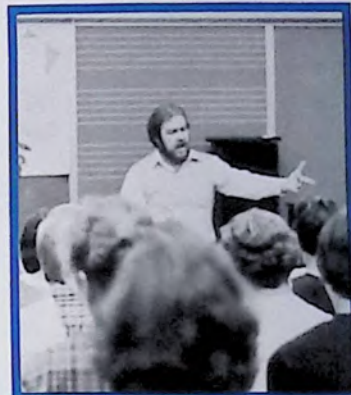

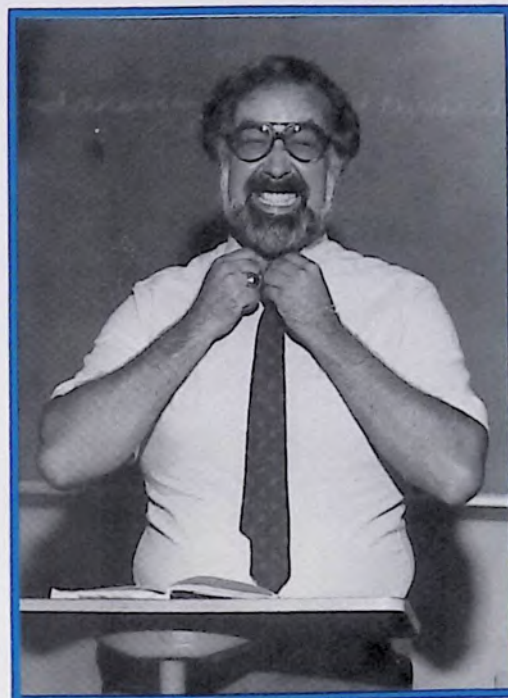

Unlike loved ones, times we cannot hold,
we pass by a mirror and realize it
has made us old.

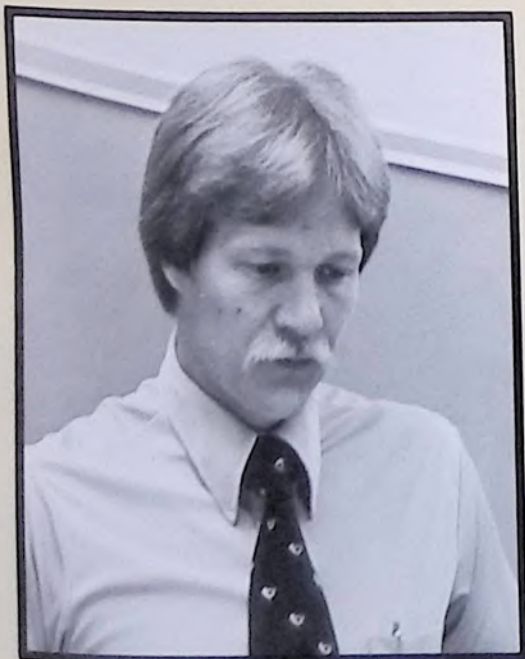

It's just that the minutes, hours, and days
go by so fast, and happy times of the
present soon become the past.

Yes, it seems like yesterday that we were
small,

then suddenly years come upon us
and don't seem like at all.

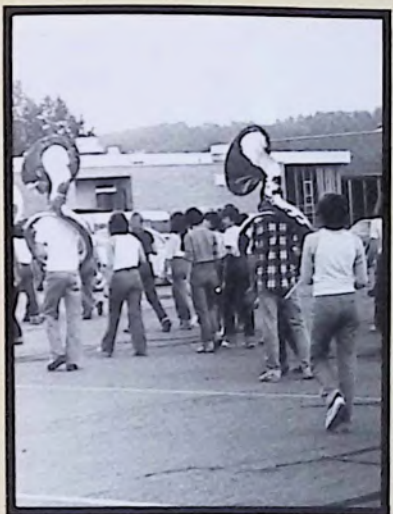

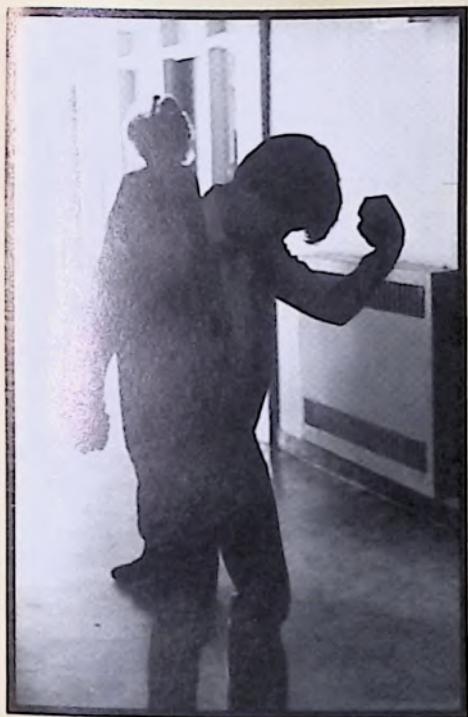

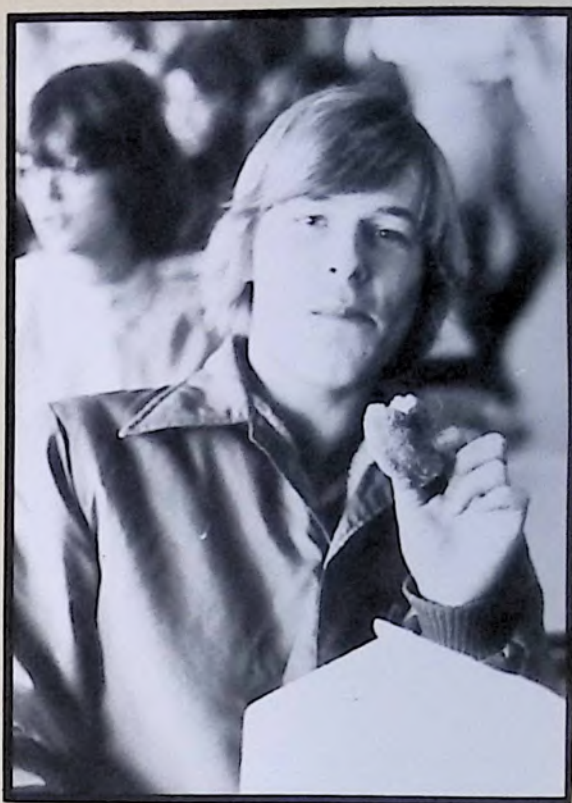

Trying so hard to keep up with today,
memories of good times fading away.

Growing up is hard to do when you
 enjoy life's moments which
 are few.
 I might always be a child at heart
 and from that will be much
 harder to part.
 The seasons are changing and so
 am I.
 And I must tell my childhood
 good-bye . . .

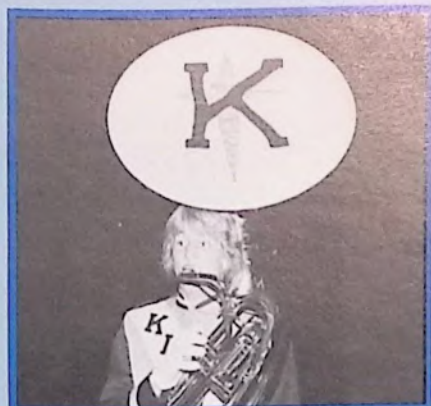

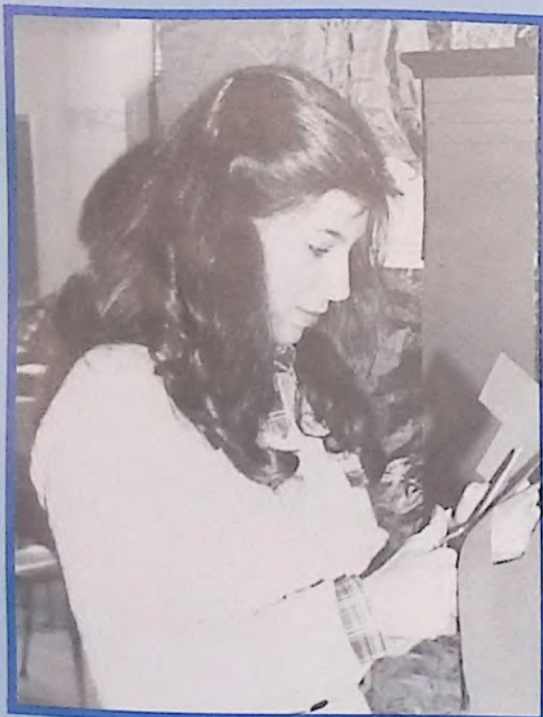

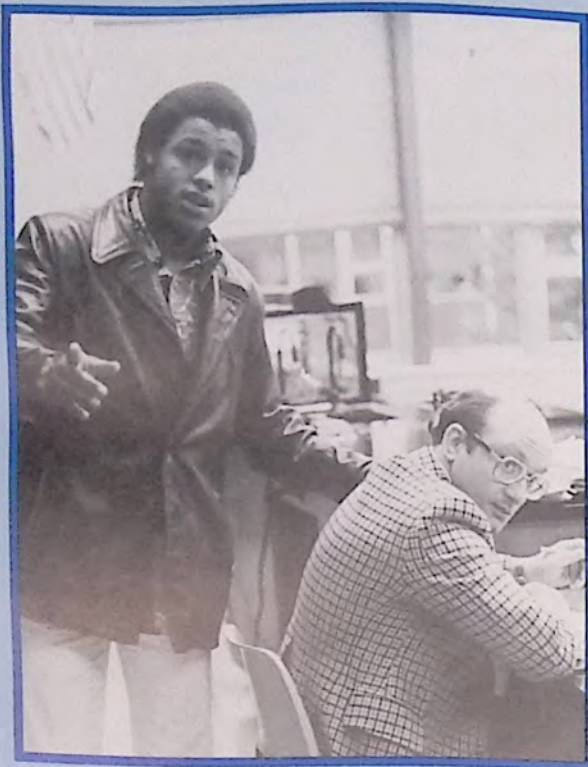

—American Girl

MEMORIES APPEAR

Standing in the midst of many, I may never see again
 a diploma in my hand and tears upon my cheek
 Suddenly the memories appear:
 I've known Susie since first grade, we spent summers in the shade;
 and Tom who's been my buddy from the time that I was nine,
 One day he didn't have a candy bar and
 I gave him mine;

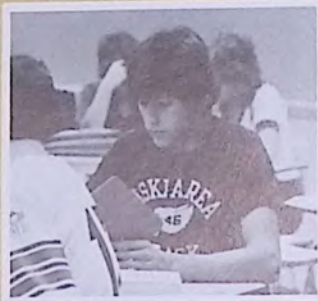

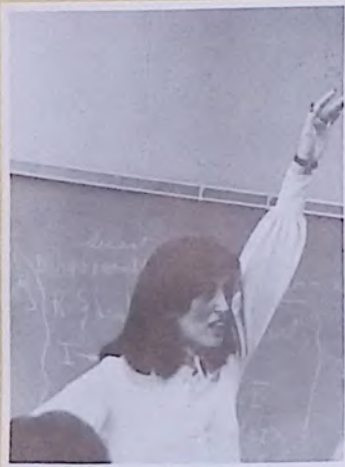

and Sally, who told me once, "The hurt won't last forever." Sam, who looked upon each day as a challenging endeavor; and David, I'll remember for the shine within his smile.

Debbie, who stopped once, to chat with me awhile,
Michael, Connie, Jeff, and Kim, these tears are all for them;
And standing in the midst of many, I may never see again,
Suddenly the memories fade away.
