We Thank You . . .

AND take great pleasure in showing our appreciation and respect by dedicating the first issue of the "White Cap" to you—

MISS MARGARET ANDERSON, R.N., M.Litt.

FOR YOUR undivided attention toward student nurses

FOR YOUR confidence in our ability to succeed

FOR YOUR guidance in aiding us to reach our goals as future graduate nurses

FOR YOUR unswerving loyalty and trust in us as individuals

FOR YOUR interest and devotion that was given so freely.

Foreword

The road from a pre-clinical student to graduate nurse is one filled with many events. As a pre-clinic we walk hesitantly, striving for that white cap, a symbol of purity, trust and sacred service. Soon our goal—graduation is reached. We walk more assured for now we have the background needed for a successful nursing career and the setting of new goals. And now, come with us through these pages, and share with us our "Moments to Remember."

The Florence Nightingale Pledge

I solemnly pledge myself before God and in the presence of this assembly, to pass my life in purity and to practice my profession faithfully. I will abstain from whatever is deleterious and mischievous, and will not take or knowingly administer any harmful drug. I will do all in my power to maintain and elevate the standard of my profession, and will hold in confidence all personal matters committed to my keeping and all family affairs coming to my knowledge in the practice of my calling. With loyalty will I endeavor to aid the physician in his work, and devote myself to the welfare of those committed to my care.

CLASSES...

We learn not only in the classroom but while we are on duty. Our hospital serves as a larger classroom where we learn by seeing and doing. As freshmen, our days are filled with classes as we learn basic procedures and theory needed for giving skilled nursing care. After this, our theory and practice are intertwined. Our affiliations consist of three months at Children's Hospital in Pittsburgh where we learn to care for the ill child and also three months at Mayview State Hospital where we get experience in caring for the mentally ill. We look back on the many valuable hours spent in the classroom—with the realization that the knowledge we have attained will remain with us in our future pursuits.

ACTIVITIES...

Much a part of our lives here at Allegheny Valley Hospital School of Nursing are our activities. One of the most important events of the year is the May Dance, when a queen and her court are chosen from the Senior Class by the student body. In December, all classes participate in the annual bazaar to help raise funds for other activities which they sponsor throughout the year. A yearly Christmas Party is given for the hospital personnel by the medical and hospital staffs. Our Student Council functions as a law-governing body for our students, hearing our grievances and solving problems democratically. With the various activities held throughout the year, we get the necessary diversion needed for a full year of play as well as work.

Class Prophecy

Dear Janie,

I really missed you at the reunion, but I guess it is hard to get a rocket ship from the moon nowadays. You really came a long way. Just think, a lieutenant colonel stationed with the Air Force Nurse Corps on the moon!

Everyone was at the reunion but you. So here's the lowdown on A.V.H. The biggest surprise is Marty Bassetti's being assistant head nurse to Miss Harvey. Millie Hice is Doctors' Bauer, Gleason and Scheid O.R. nurse. The students are really happy—Charmayne Daugherty is supplying the ice cream from Isaly's free. Marilyn Grazier is head nurse in pediatrics. The doctors are really pleased with the wonderful medical drawings by Rose Lisko.

Many of the kids came from afar. Ann Madera Gandziarski is in Japan with her husband and doing general duty work. The Olympic track team has Carolyn Collins Uhlig as its nurse—you know why! The little fraulein nurses are having it rough as Daisy Sheasley Edwards is clinical instructor. Carol Joswig is a captain in the Navy Nurses' Corps. Stella Bashline is traveling a lot as health adviser for an opera tour company. The movie stars are really getting the care with Billie Best doing private duty work. The State Dietetic Inspector is Alice Jack. Well, Dixie Harmon is director of nursing at Kittanning Hospital. Phyllis Angert is working for her B.S. degree at Pitt. The Veterans Administration Hospital in Oakland has Mary Kennelly as recreational director. The C Floor of Mayview has Carol Marshall as head nurse.

On the home front Loretta Drahos is running a beauty salon in her spare time. Joanie Kemper is modeling uniforms. This will kill you—Harriett Colton Kovac is married and living on a farm making sure A.V.H. is getting ham, pork and bacon. Oh, Helen Varhola is still saying, "Amo-Amas-Amat." With six kids, Dot Dougan Knapek is having a hard time finding a baby sitter. Finally Sue Himes has taken the world women's swimming title.

The only school nurse of the group is Nancy Schaeffer Smail with Pat as football coach. Shirley Smith has found the man of her dreams. Nursing and home-making worked out fine for Marcia Shaner Kennedy. Last but not least, Jan Hutchison Febbraio is A.V.H.'s undercover man at Citizens.

Me, oh I'm still giving driving instructions for Buick Incorporated in my spare time.

Write soon, and blast off and see us.

Always,

Barb

— Senior Class of 1958

God Made a Nurse . . .

God made a nurse—
He made her heart brave, true and kind.
And like the mountain streams her mind
As crystal clear, yet swift and deep
As where its waters rush and sweep.
He made her hands strong, tender, skilled,
Their touch with His own pity filled,
And gave to make His nurse complete,
A sense of humor wholesome, sweet.
God made a nurse. —Thank God.
