## "FOOTSTEPS IN THE HALLS OF TIME"

Through the hall of Allegheny Valley  
Hospital  
Footsteps echo from the past,  
And the heartbeats of the students  
Can be heard, who fill life's cast.

The halls of Allegheny Valley Hospital  
Can claim them nevermore  
But their footsteps still are ringing  
Here behind our friendly door.

Through more important walks of life  
Their footsteps now will chime,  
And ever will they echo  
In the ancient halls of time.

And so, if you will listen,  
When the halls are gaunt and bare;  
I mean—really listen—with your heart,  
You'll hear them there.

They're the footsteps of the students—  
Who have gone and paid life's toll;  
They're the spirit of our nursing school.  
Yes—they're Allegheny Valley School's  
soul.

Now OUR footsteps join the echoes,  
And everyone apart—  
Will hear them echo always  
In the hallways—of the heart.

## DEDICATION

We, the class of 1961, dedicate our edition of "The White Cap" to Mrs. Lucille Stetter and Mrs. June Bissell.

### MRS. LUCILLE STETTER

Mrs. Lucille Stetter helped us through our first two years as a class. With her wisdom and understanding as a guide we "grew up" both as a class and as individuals. It was with tears and regret when we saw Mrs. Stetter leave our school of nursing the night we received our senior bands. Mrs. Stetter will remain in our hearts and minds always.

### MRS. JUNE BISSELL

Mrs. June Bissell, our class adviser during our senior year, gave unselfishly of her time, advice, and understanding to enable us to take our place as adults in this—our chosen profession.

To Mrs. Bissell and Mrs. Stetter we extend our sincere appreciation and respect for their valuable contributions to our class. We will never forget them.

## SENIORS

At last we are Seniors, and what a year we've had,  
Black Banding, the May Dance both have made us glad.  
Then the Alumnae Banquet and all that food,  
Cornish hens, cherry parfaits—everything looked so good.

We'll never forget Indianapolis and the train that took us there,  
For three days we had our fun—and not a worry, or a care.  
With all these activities we've had a busy year,  
But graduation in September is only the beginning of our careers.

## JUNIORS

Something new has been added to our white caps tonight,  
 A black corner stripe on them made us all look so bright.  
 Though affiliations will cause our classmates all to part,  
 We'll remember each other each day in our hearts.

An initiation party for the new students we planned,  
 We'll show them the way, and keep them all in hand.  
 It won't be too long before we'll be able to say,  
 "We are graduates now, we've come a long, long way."

## FRESHMEN

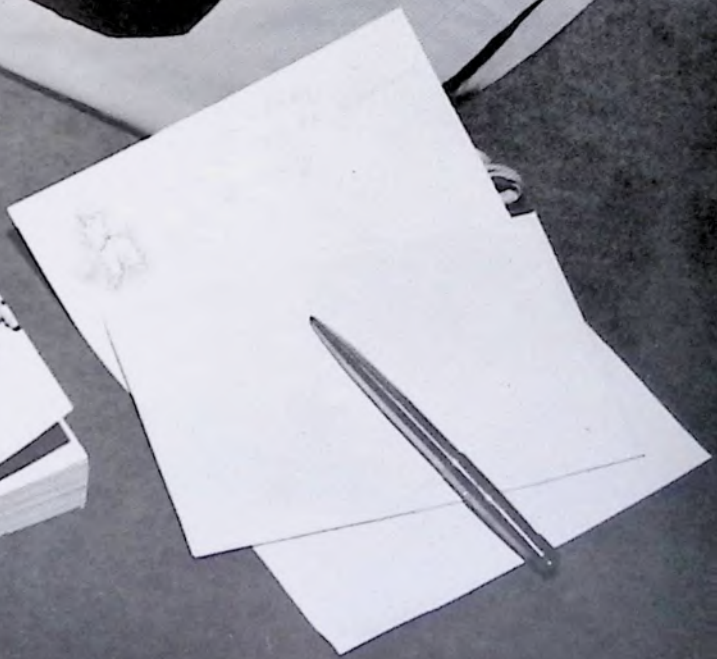

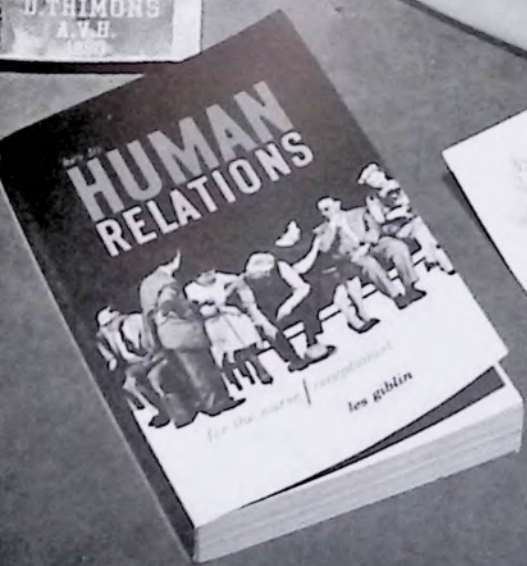

With apprehension we left the quiet of our home,  
 But now our ears resound with—"Probie get that phone!!!"  
 It wasn't long though 'till we got our nurses' caps,  
 We even got around the hospital without our little maps.

The first year is the hardest they always say to us,  
 And it takes studying—*this* is a must!!!  
 But we're on our way now, because the first year's almost gone,  
 We've had our share of sorrows, but we've had our share of fun!!!

### ELI LILLY TRIP

It began with the train ride to Indianapolis, Indiana on June 28, 1961. It was fabulous! Steaks, air conditioning, room service, white orchids, free passes to the latest movies! We lavished in being treated like "Queens." But what a wonderful sight it was to see Pittsburgh by night after a long ride home on June 30, 1961.

## HISTORY OF THE CLASS OF 1961

Dear Diary,

**September 10, 1958**

Well, here I am at Allegheny Valley Hospital's residence, my home for three years (I hope). I am so scared! I don't know what to expect, but at least I know that 37 other classmates are probably thinking the same things at this point. We had a Big Sister-Little Sister party which was really a lot of fun. The upperclassmen were nice to us—then came the initiation! Gee, diary, I know I must have sung M-I-C-K-E-Y M-O-U-S-E at least 20 times and it's only ten o'clock. Well, I have to sign off for now. They're assembling us for "P" call again.

**September 11, 1958**

Boy! You should see how cute I look in my shower cap with my ears sticking out, a baby bottle tied to my wrist, my socks rolled down to my ankles, no make-up, and worst of all—a big sign reading, "Probie" pinned to my back. We received our uniforms today. They don't look too good right now, but wait until we get our bibs and caps!!!

**October 1958**

Classes, classes and more classes. I don't know how I'm going to pass them all. Oh, well, I guess I'd better quite "griping and start studying again. I have to pass the anatomy test tomorrow because if I'm campused one more time, I'll be known as the 'Campus Queen'!"

**March 13, 1959**

Well, diary, I finally got my cap. Now I feel like a real nurse. All 34 of us felt that we looked sharp! Our parents were so proud of us.

**May 1959**

"Stardust" was the theme of the May Dance we had for the seniors tonight. The recreation room looked beautiful and every one was excited! Melva Bailey was chosen May Queen.—Finals—What a joy this summer will be. No textbooks!—No studying!—and no class discussions!

**August 1959**

Tonight 27 of us received our Junior Stripes on our caps. The stripes gave us a look of distinction! After being poor Freshman Students for what seemed to be an eternity, it is good to award this title to the incoming class. It is difficult to believe we are juniors and our class will soon be separated. Some of us will be leaving for affiliation.

**June 1960**

Gee diary, I am sorry I haven't had time to write. Time is going much too fast! My affiliation at Children's is almost over and I'll soon be going to Mayview. I am looking forward to "Black Banding" when our class will be together again, even if only for one evening.

**August 28, 1960**

Tonight 25 of us received our "Senior Bands" at the banquet held for us in the recreation room. Everything was very nice and the food was delicious. Many of us ended the evening with reddened eyes and sniffing noses when we thought of the fact that this would be our last meeting with Mrs. Stetter, our class adviser. To gladden our hearts, we selected Mrs. Bissell to take her place.

**February 1961**

I wish I could get used to sleeping during the day and working at night. Truthfully, though, I do enjoy working these different tours of duty. It has given me a better understanding of my patients feelings and reactions throughout the 24-hour period.

**May 1961**

Well, tonight was our night—the May Dance. One of our classmates, Donna Timons, was selected as our May Queen. We all felt proud and happy that Donna had won this title and we know she will always set a good example for others to follow.

**July 1961**

I guess I have been neglecting you, again diary, but I have been rather busy with senior seminars, the banquet given in our honor by the alumnae, and our exciting trip to Indianapolis. It seems hard to believe that these three years have passed so quickly. Our goal has almost been reached, for in just two more months we will be graduating. I know we never could have done it without the help and encouragement of our parents, friends, faculty, and the personnel of A.V.H. who have helped to make these past three years the most memorable of our lives. We, the class of 1961, wish to express our sincere gratitude to Miss Anderson, Mrs. Bissell, our class adviser, all of our instructors, our doctors, the graduates, and everyone who has helped to make these past three years a valuable educational experience for us.
