Will they remember us Burning the midnight vil" and striving to learn 206 lines 8 essential proteins, 4 inquesients of "agal"? Probably not. Will they remember our first boths that took 45 minutes, injections that hurt us more than the patient and when evelything was "good enough"? Idon't think so. How about the water bottles, bidding the housemother goodnight, and our midnight parades through the halls? Most likely not. We ourselves will remember this as a time of much learning and the experiencing of many new events. It's been a time filled with a lot of you and happiness and funtrations, as we near the time of graduation most of ware filled with a lot of mixed feelings, Dome sadness at leaving the many friends that we've made and anxiety about the prospect of future jobs but with the satisfaction of knowing we have successfully completed sur course of study kere. But as we leave we know it's not really the end - but a whole new beginning with challenges and new goals to - The Editars

Corner Striping

June 10, 1973

As we marched in we became one step closer . . .

Everyone had a feeling of accomplishment that night.

Black Banding

March 10, 1974

BACK ROW: L. Bernardo, K. Ignacz, T. Wimms, S. Febbraro, P. Crummy, J. Shreckengost, M. Kalinowski, S. Jack, P. Rennick, C. Vrabel. FRONT ROW: J. Reesman, B. Roadman, D. Gates, M. Fortun, P. Manges, P. Cigola, J. Morgan.

One by one we each received our Black Bands from our Advisor, Mrs. Esler.

Left to Right: Susette Lasher, K. Stuchell, N. Conley, Suzanne Lasher, K. Reichenbaugh, L. Riggle.

After the entire class had been banded, we joined together in singing "I Believe" with Nancy Conley accompanying us on the piano.

It's a good feeling to be 'Senior' at last.

The Allegheny Valley Hospital grauating class of 1975 held it's Black Banding ceremony at the Holiday Inn in New Kensington on March 10, 1974. This ceremony and dinner officially symbolized our becoming Seniors and reaching our last step before graduation. At the time we had thirty members in our class each with our own rewarding feeling of having reached this phase of our education.

It's true that there were many discouraging moments and frustrating times encountered in reaching this point in our lives and education, but there was a feeling among most that we had made it together: we studied, worked, laughed and cried together. The family-like atmosphere we lived in led most of us unselfishly, confidently and aggressively with dedication and purpose to this most important goal, leaving yet another goal- Graduation.

Throughout the time we've been in school each member of the class has had to display a lot of desire, skill and individuality. But after it's over we have the privilege of looking back and saying, "We did our best".

Freshmen Initiation

"Future nurses?"

First impressions are lasting ones and memories of that first day at AVH will be remembered long after others have faded away.

Moments of that "long ago" time include: Reciting the probie pledge one more time, loud and clear; Polishing nursing shoes of upperclassmen; The "scavenger hunt;" The Big Sis, Little Sis party; The songs and skits; Vaselined door knobs; Rooms draped with "tissue on a roll;" And being rudely awakened in the middle of the night . . . One has officially begun the life of a student nurse at AVH.

"We do not remember days, we remember moments."

By Cesare Pavese

"Next?"

"What did Mrs. Cromie say, Mrs. Cromie say?"

Ghosts, Goblins And Good Times

"You're all washed up Terri."

"Would suspect number 2 please step forward?"

"Oh, Fiddlesticks!"

"When's refreshments? Some of us are really starved!"

"Do you think Antony will recognize me?"

"You're getting sleepier and sleepier . . . "

"The Halloween do your own thing boogie."

"How ya gonna keep "em down on the farm after they've seen AVH?"

"I get the feeling we should have come in costume."

"Won't Mrs. Huston be proud!"

Remember Basketball . . .

For those who represented the Girl's Championship Basketball team as well as the loyal, enthusiastic supporters, it was an exciting and rewarding experience.

The school was successful three years in obtaining the championship because we had what was needed: teamwork, discipline and the desire to win.

"Tip it, tip it - Our way."

"OO-sa-sa-sa, OO-sa-sa-sa, Hit 'em on the head with a big Kolbassa."

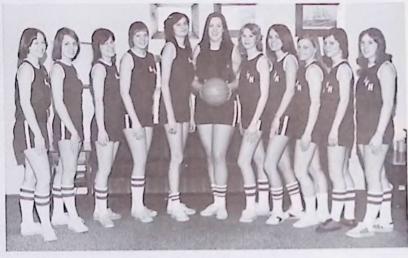

In view of the disappointment that we were unable to have a team this year, we can say we are happy to have been a part of it.

"Superstar" Sharon Graff

"The IST principal of basketball - You must have an opponent."

Members of the '74-'75 Championship Basket-ball team.

"Holding has its good AND bad points."

Alumni Association Banquet

Following dinner we were entertained by the "Sweet Adelines" with their homemade instruments and home-brewed talent.

We danced Boogies, Polkas, Waltzs, Bunny Hop and Hokey Pokey to the sound of "Variety".

Each year the Alumni Association holds a banquet for the graduating class. This year it was held on the night of October 25, 1974 at the White Star in Freeport where we had dinner and danced afterwards.

Before dinner Cheryl related some of the many things we did while at AVH that will be remembered by the class as we leave.

Senior Banquet

"But it doesn't say where the Pub is."

"Every party has a pooper . . . "

"This is a singles! table but we're not choosy."

"Can we go home now?"

"Aren't you glad you use Dial; don't you wish everyone did."

"If you see a single guy, tell him you're a Student Nurse."

"Boy, is this a gross dance."

"Where are all of the Instructors at?"

"Is it 11:00 yet?"

"I won't dance unless we bump."

"Did you say you couldn't hear us?"

As advisor of the class of 1975, Mrs. Esler has given much of her time and patience in assisting our class with our chosen projects and endeavors.

The spaghetti dinner, the bazaars, the candy and placement sales are just a few of the many projects in which her advice and guidance were sought and needed; not to mention the yearbook with it's accompanying frustrations.

We hope that the times she was notified to see Mrs. Bissell concerning "happenings of the night before" with "the quiet ones" will not replace memories of seeing us learn and give in becoming the professional young people we have been trained to be.

For everything she has done, we are grateful and would simply like to say, "Thank you, Mrs. Esler."

Last Wills

- I, N. Conley, leave washing my hair at 6 A. M. to any junior who really enjoys a cold shock.
- I, K. Dively, will all my anxieties, frustrations, and depressive states to anyone who is emotionally stable and stupid enough to accept them.
- I, S. Febbraro, of pure body but unpure mind, leave all my wall posters to Mrs. Brinker.
- I, M. Fortun, will the dent in the right upper outer quadrant of my gluteal mass to Mrs. Brinker.
- I, D. Gates, will my famous Friday sick days to Laurie Shumaker who also likes those "Eastern bus trips."
- I, K. Ignacz, will the good fortune brought to me by Mrs. D. Vargo, to anyone willing to gamble.
- I, S. Jack, will my afternoon naps to anyone who can sleep as long as I do and still be tired.
- I, R. Johnston, bequeath the following: To Hook, a "NR" from the free clinic; to "Adam", I leave optimistically a "Skyhawk" and "Eve"; as Stuco President, I leave my V.P., Connie, trials and tribulations with change and an unfinished formula for uniting the student body; and to Three Rivers Stadium, our school name and an empty matzo box.
 - I, M. Kalinowski, leave a low volume radio/stereo to the room above me.
- I, Susette, leave to anyone who wants it, the responsibility and headaches of getting the yearbook done on time and my individuality to those who considered Suzanne and I one person.
- I, Suzanne, leave my 18 sick days to those juniors who ran out of their own and headaches from doing a comprehensive to those poor souls who have them to look forward to.
 - I, P. Manges, will to M. Hughes one smart mouth.
- I, J. Morgan, leave my old, size 10, purple slippers and pink curler cap to "Mary Chase".
- I, K. Pastorek, being of sane mind (?) and weary body, will the ability to graduate to the Junior Class in the hopes that they can successfully master the art of nursing, including passing NLN's, with less frustrations, stress and anxiety than what I have encountered.
- I, K. Reichenbaugh, being of questionable sound mind and body, will my spacious, well kept room with its magnificent view, easy to control central heating, large roomy closet and soft bed to anyone who has a great imagination like me.

and Testaments

- I, P. Rennick, will my thousands of hours being a powder puff mechanic to anyone searching for a cure for the "racing widow's syndrome".
- I, L. Riggle, being of sound mind and body, will my social life at AVH to those who have a yearning to climb walls; my good times to those who made them; my bad times to those who caused them; and my name Linda to all those who called me "Barb" throughout my training.
- I, B. Roadman, will my Darvon, Dramamine, Erythromycin, etc., to Dr. Mc-Quade.
 - I, T. Rowan, will my patience to any gal whose guy's in the Navy.
- I, J. Shreckengost, being of tired mind and body will my position of fulltime telephone operator and answering service to anyone that receives no calls of their own, and my habit of being Dr. G's private delivery nurse to anyone who can stand it.
- I, K. Stuchell, will my job of room check to any Junior who has strong enough eyes to see the sites.
 - I, C. Vrabel, will my fingernails to P. Sinclair, since she may need them.
- I, T. Wimms, being of questionably sound mind and disintegrating body, leave to Rose Gainor, my fantastic "Florida" tan and to the Junior Class 365 WONDERFUL (?) days at AVH and the guts and brains to stick it out.

I AM A STUDENT NURSE

I came here thinking Florence Nightengale & glory.

I leave here thinking a thousand faces.

Those faces-mirrors-are broken diseased bodies,

Worried minds, tired hearts and spent spirits.

And I learned to care.

I saw a young dying father of four,

And I learned to cry.

I watched a mother kiss the miracle of her first baby,

And I learned joy.

I saw an old gentleman with no visitors stare out

At Christmas snow,

And I learned loneliness.

I saw a man rushing in with his sick little boy,

And I learned fear.

The world no longer revolves around me:

I revolve around the world

And the world of those needing help.

And it must be the greatest of all privileges to

Be a part of this . . . birth, death, and the interim

That is the pulse of human life.

I am a student nurse.
