

Honor with Books

The Honor with Books program allows you to help build the library's collection while establishing a lasting tribute to a special person or occasion. Celebrate a wedding, a birthday, a graduation, or a special friendship or occasion. Honor the memory of a departed friend or relative.

With your donation, a bookplate will be prepared in your name and that of the honoree and placed inside the front cover of a new book being added to the library's collection. Once the book has been plated and processed, you will receive a letter providing a copy of the bookplate and the title of the book selected. If you have any questions on the Honor with Books program, please call the Community Library of Allegheny Valley at 724-226-3491.

Please PRINT the following information
